1. Workshop On Ethical Hacking

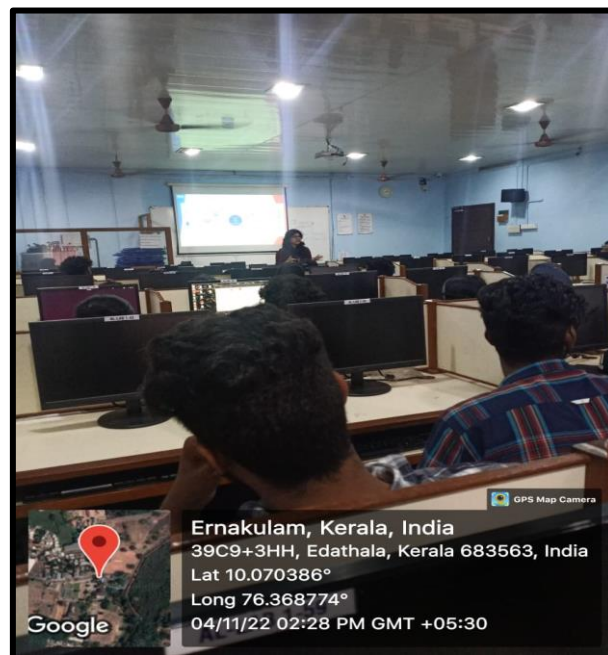

Department of Computer Science in association with IEDC conducted a workshop on “Ethical Hacking “ on the basis of a Tech fest “Evo Fest”. It was inaugurated by Dr. Leena Varghese IQAC Co-Ordinator and facilitation by Mr. Dhanoop the faculty of Tech by Heart solutions. The pre-workshop program on ‘Ethical Hacking’, coordinated by Ms. Anjalee Muraleedharan, faculty CS department, conducted on 20 March 2023. There were 30 participants from various colleges and the workshop was handled by Mr. Dhanoop and Mr. Ullas from Tech by heart, a leading IT firm. Certificates were issued to all the participants.

2. Skill Development Class : Data Mining

A skill development class for the final year BCA and B.Sc. Computer science students were done by the final year PG students of M.Sc. Computer Science. The program aimed to inculcate knowledge among the UG students on DATA MINING and its usage. Three students from the final PG took the class. The Program was conducted on 29 July 2022 in the computer lab. They discussed the various algorithms in Data mining, job opportunities, how to solve a problem etc. They did a good interaction with the students and also answered the questions asked by the students. The students found the session interesting and knowledgeable.

3. An Introduction to Data Science

The department of Computer Science organized a Seminar on An Introduction to Data Science on 04.11.2022. The venue of the seminar was the computer lab of the department. The resource person was Ms. Leena Ali (Senior Consultant – RP2). The resource person conveyed a deep knowledge on Artificial Intelligence and data science. It was an interactive session for student

to discuss their thoughts on this topic. The seminar was highly informative and it provided the participants on the opportunities available in the area of data science.
