INTRODUCTION

Established in 1981, Al-Ameen College Edathala stands as a premier institution under the Al Ameen Education Trust, nestled on a 25-acre campus in Ernakulum, Kerala. Affiliated with Mahatma Gandhi University, the college has earned an 'A' Grade accreditation from NAAC with a commendable CGPA of 3.15, signifying its commitment to academic excellence.

Recognized as a LEAP awardee and mentor college, Al-Ameen College has garnered a 4-star innovation rating from IIC, reflecting its dedication to fostering a dynamic and innovative learning environment. The college actively participates in initiatives like Unnat Bharat Abhiyan, demonstrating its commitment to community development and social responsibility.

The college offers a comprehensive range of academic programs, including 12 undergraduate and 3 postgraduate degrees. A unique highlight is the UGC-sponsored B.Voc program in Sound Engineering, introduced in 2018, which emphasizes industry-relevant skills and prepares students for successful careers in the ever-evolving audio technology sector. The college caters to a diverse student body of 1,409, with a commendable representation of 57% female students.

Al-Ameen College fosters a strong research culture, supported by a dedicated Multidisciplinary Research Centre in Commerce and Allied Areas of Social Sciences. The institution has received prestigious grants from esteemed agencies like UGC, RUSA, KSCSTE, and UBA, enabling faculty to undertake numerous research initiatives, including several Minor Research Projects funded by the UGC and a private agency. These endeavours showcase the college's commitment to scholarly pursuits.

The college provides state-of-the-art facilities to support student learning and growth, including ICT-enabled classrooms, well-equipped seminar halls, a comprehensive central library, sports amenities, and the AIS SPACE for fostering entrepreneurship. As a recognized study center of IGNOU, Al-Ameen College further expands access to quality education.

With a vision for continued growth in research, community engagement, and skill-based education, Al-Ameen College remains dedicated to equipping students with the knowledge and skills they need to succeed in a dynamic and ever-changing world.

OVERVIEW OF 2023-24

The 2023-24 academic year at Al Ameen College witnessed significant strides across various fronts. The Institution's Innovation Council (IIC) garnered a 3.5-star rating from the Ministry of Education (MoE), highlighting the college's commitment to fostering a culture of innovation. Active participation in the NIRF Innovation initiative further underscores the innovative activities undertaken during the academic year.

Academically, the college continued to excel, with the award of PhD Degree to two faculty members of the college. Research endeavours flourished, with the establishment of **Multidisciplinary Research Centre of Commerce & Social Sciences**. Community engagement remained a cornerstone of the college's mission with the Kootaksharam event marked by the NSS Volunteers to support the school students. Student development was prioritized through a range of initiatives. The college has actively supported student participation in the esteemed Chief Minister's Nava Kerala Fellowship program.

Infrastructure improvements were undertaken to enhance the student experience, most notably the renovation of the Ladies Hostel funded by RUSA and inaugurated by Minister Honourable Minister for Higher Education and Social Justice, Dr. R. Bindu, signifies the college's commitment to providing a conducive and comfortable living environment for female students. The Snehavedu, an initiative aimed at providing housing assistance to an individual in need too was another achievement. officiated by the minister.

The year was marked by several prestigious awards and recognitions. The college received the **Paristhitikam Award** for imparting a culture of environmental conservation to the society. Our Principal Dr. Cini Kurian was appointed as the Syndicate Member, reflecting her significant contributions to the field of education. Various teachers were appointed as members in the implementation of the NEP 2020 in the university level, indicating their involvement in higher education administration.

In summary, the 2023-24 academic year at Al Ameen College was a year of significant achievements, marked by academic excellence, innovative initiatives, strong community engagement, and a commitment to student growth and development.

DEPARTMENT LEVEL ACTIVITIES ORGANIZED IN 2023-24

1. DEPARTMENT OF MANAGEMENT

Sl. No.	PROGRAMMES
1	<p style="text-align: center;">BUSINESS OPPORTUNITIES FOR STUDENTS AND FACULTY</p> <p>The Department of Business Administration, in association with IIC and IEDC, organised a seminar, "Business Opportunities for Students and Faculty", on June 26, 2023, in the College seminar hall. The primary objective of the session was to equip students with the ability to identify different business opportunities and enable them to explore these opportunities. The resource person for the session was Mr. Akhil Raj, the CEO of Myfill Food LLP and an experienced business strategist with expertise in planning, designing, establishing, developing, administering, and expanding businesses of various scopes and natures..</p>
2	<p style="text-align: center;">INNOVATION DEVELOPMENT PROCESS WORKSHOP</p> <p>The workshop aimed to familiarize students with the Innovation Development Process and cultivate a mindset for creative problem-solving across different academic disciplines. The workshop began with an overview of the importance of innovation in various fields. The participants were introduced to the different stages of the Innovation Development Process, emphasizing the role of creativity and problem-solving. The facilitator elaborated on each stage, including ideation, feasibility analysis, prototyping, testing, and implementation. Real-world examples were used to illustrate successful innovation journeys. Students engaged in hands-on exercises and analysed case studies to apply theoretical concepts. This interactive session allowed them to understand the challenges and opportunities associated with the innovation process. Each group presented their ideas, allowing for peer feedback and constructive criticism.</p> <p>The workshop received positive feedback from participants, highlighting the practical and interactive approach. Students appreciated the relevance of the topic to their respective fields and expressed an increased interest in incorporating innovative thinking into their academic and professional pursuits.</p> <p>The Innovation Development Process workshop successfully achieved its objectives of familiarizing students with key concepts and providing them with practical experience in applying these principles. The enthusiasm and engagement of the participants demonstrated the relevance and importance of cultivating an innovation mindset in college education.</p>
3	<p style="text-align: center;">LEGAL ASPECTS OF STARTUPS</p> <p>The Department of Business Administration, in collaboration with the IIC and IEDC, organized a seminar on the topic "Legal Aspects of Startups" on June 27 .The objective was to provide participants with insights into the legal formalities necessary when setting up a startup. The resource person for the session was Ms. Dhanya Paul, company secretary at DV Associates who possess extensive experience in providing legal services to companies. Fifty students and four faculty members attended the seminar.</p>

4	<p style="text-align: center;">“UNVEIL THE ENTREPRENEUR IN YOU –ENTREPRENEURSHIP AWARENESS SESSION”</p> <p>Entrepreneurship stands as a potent catalyst that will change the face of our nation. Department of Business Administration has organized an entrepreneurship awareness session titled “Unveil the Entrepreneur in You” on 20.07.2023 in the college seminar hall. The resource person for the session was Dr. Ajay Basil Varghese, Assistant Professor, ASIET conclusion, there was a collective correction in their envisioned career trajectories, pivoting towards the exciting realm of entrepreneurship.</p> <p>. He also spoke about various grants provided by different financial institution like KSUM, DIC, IEDC and YIP etc. Towards the end of the session, he shared his success story of startup and innovations and how he could balance his business life along with his teaching profession.</p>
5	<p style="text-align: center;">CREATING GENDER INCLUSIVE COMMUNITY</p> <p>The BBA Department organized a workshop titled "Creating Gender Inclusive Community" on the 6th of February, 2024. The workshop aimed to educate and sensitize students about the importance of gender inclusivity in both academic and professional settings. The workshop was facilitated by Manju Malathy, an esteemed Assistant Professor in the BBA Department at Bharatha Matha College, Thrikkakara. With extensive experience in gender studies and community building, she brought valuable insights and expertise to the session. The workshop concluded with a recap of the key takeaways and a call to action for students to implement the strategies discussed in their daily lives. Manju Malathy emphasized that creating a gender-inclusive community is an ongoing process that requires commitment and effort from everyone involved.</p>
6	<p style="text-align: center;">WORKSHOP ON DIGITAL MARKETING</p> <p>The Workshop on Digital Marketing aimed to provide management students with a comprehensive understanding of the importance, need, advantages, and disadvantages of digital marketing in today's business landscape. Conducted by Assistant Professor Neha Balan, the session highlighted on how digital marketing has revolutionized traditional marketing approaches, offering businesses unparalleled opportunities to reach and engage with their target audience effectively. The workshop underscored the increasing need for businesses to establish a robust digital presence to stay competitive in today's digitally-driven marketplace. Participants gained insights into why digital marketing strategies are essential for business growth and sustainability.</p>
7	<p style="text-align: center;">PATHWAY TO YOUR CAREER.</p> <p>The Department of Business Administration has organized a seminar on “Pathway to Your Career”, a career guidance programme for BBA students on 29-09-2023 in the Seminar Hall .The resource person of the seminar was Mr. Subash Chandran, ACCA from IIC ,Lakshya. In this interactive session, the speaker guided the students on ambition and growth building, goal setting, job market and wise career decision making. The students completed a form detailing their ambitions and career prospects as requested by the speaker. After the session, students got a clear idea about the right way to their careers.</p>

8	<p style="text-align: center;">POST COVID SURVEY</p> <p>In order to study the various post-recovery manifestations in survivors of Covid 19, the first year BBA students of the Department of Business Administration has conducted a survey titled “Post Covid Survey” on 23.11.2023. A questionnaire containing 30 questions were prepared. The survey was conducted at Ward no.18 of Edathala Gram Panchayat. The people of the ward were highly co-operative with the students , by openly sharing their health status. The students conducted the survey in a very systematic and courteous manner. The students got to learn the way through which a successful survey can be conducted fostering teamwork.</p> <p>The survey was co-ordinated by the faculties of the BBA department – Ms.Deepthi Serene Jose, Ms. Neha Balan, Ms. Parvathy S, Mr. Allen Varghese Jacob and Ms.Najiya A.A.</p>
10	<p style="text-align: center;">WORKSHOP ON EMPOWERING WOMEN: BUILDING GENDER EQUITY THROUGH SWITCH CRAFT</p> <p>In order to pursue the footsteps towards gender equity a workshop was organized by the Department of Business Administration for female students on 19-12-2023 in our college. The workshop emphasized the practical aspects of empowering women. It aimed to motivate and enhance their skills, proving highly relevant.</p> <p>The focus of the workshop was on developing skills in creating, installing, and selling electric circuits. Participants included the female students who eagerly took part in the event. During the workshop, students assembled ten extension boards, and first-year students marketed and sold them, thereby honing their marketing skills.</p> <p>The resource person of the workshop was Mr. Nandu Reghunath, Assistant professor of B.Voc.</p>

2. DEPARTMENT OF CHEMISTRY

1	<p style="text-align: center;">SEMINAR ON AN INTRODUCTION TO PETROLEUM AND PETROCHEMICAL PRODUCTS</p> <p>The Department of Chemistry organised an alumni lecture series by our eminent alumni. The talk 1 of the programme was conducted on 27th September 2023. The resource person of the day was L. Shyam Mohan, our BSc Petrochemical 2011-2014 batch student, Operator, PETCHEM, BPCL, Cochin Refinery. The topic of the programme was “introduction to petroleum and petrochemical products”. The seminar aimed to provide the participants with comprehensive understanding of petroleum, and its refining processes and diverse range of petrochemical products derived from it. The programme began with a silent prayer and the head of the department Dr. Leji Latheef welcomed the chief guest. The Vice Principal Prof. Indu G also gave a short introduction about our alumni.</p> <p>The session provided an extensive overview of petrochemical products and highlighting their diverse nature. He also taught about test for finished products like ASTM, ISO etc. A total of 80 students participate in the seminar and they got an overview about petrochemical industries and also job opportunities related to it. The session was very interesting and successfully provided solid foundation in the students about petroleum and its refining as well as its vast array about petrochemical products. He clarified the doubts of the students and offered suggestions to make a better career in future in petrochemical industries. The students were inspired by the success stories of the resource person. The session ended with our student coordinator’s vote of thanks.</p>
2	<p style="text-align: center;">SEMINAR ON “MANUFACTURE OF PETROCHEMICAL PRODUCTS & CAREER OPPORTUNITIES IN PETROLEUM INDUSTRIES”</p> <p>A seminar was organised by the Department of Chemistry on the topic “Manufacture of Petrochemical Products & Career Opportunities in Petroleum Industries” by our alumni Santhosh Kunjappan. The talk was held on 08th January 2024 for the final year BSc Chemistry students in their class room. The resource person of the day was our pre degree 1988-90 batch student who is currently working as General Manager at Geo Plastics & Polymers Malappuram District Kerala. The company mainly based on the manufacturing of PVC conduit fittings and PVC rigid electrical conduits. The seminar started with a silent prayer followed by a welcome address by Dr Leji Latheef. She gave a brief introduction to our guest. The objective of the programme was to create an idea about the origin of petroleum in the earth crust, its exploration, distillation as well as the importance of the manufacturing of different petrochemical products. The session also aimed at guiding students in making better career choices in various petroleum industries were the key attraction of the talk.</p> <p>The resource person started the session by explaining the origin of petroleum in the earth crust. Various exploration techniques for the plastic manufacturing processes were also well explained by the speaker.</p>

	<p>The topic covered by the resource person is well suited in the present scenario, since the students were appearing their final examination and facing the selection for better career and related issue in their higher studies. The subject discussed by the resource person was clear and was quite interesting. Finally the session opens for discussion, audience cleared their doubts and after all she delivered an idea about different carrier opportunities in the field of chemistry and petrochemical field.</p>
3	<p style="text-align: center;">SEMINAR ON “ART OF PROJECT WRITING”</p> <p>Department of chemistry conducted a seminar on the topic “Art of Project Writing” on 5th February 2024 for the final year and second year BSc Chemistry students in the seminar hall. Dr Neena George, Assistant Professor, Department of Chemistry, St. Alberts College (Autonomous), Ernakulam, will be the resource person. The objective of the seminar was to provide a systematic treatment to the students and how to move towards for doing a research project and how to write the project thesis.</p> <p>The programme began with a silent prayer, Dr Shibini Mol P A, faculty member of department of chemistry Al Ameen College welcome the resource person, Dr. Neena George and also gave a brief introduction about the seminar topic. Dr. Neena delivered the step by step guidance of project designing, from the research topic selection, experiment doing and the project report writing. She covered the fundamentals of research project selection. She also delivered a brief idea about the different chapters in the project thesis. She gave a complete idea about how to write literature survey chapter. Different bibliographic styles were also discussed.</p> <p>The topic was very much relevant in the current scenario and the resource person took the class from the very basic. The seminar opens for interaction with the students and the speaker answered many doubts raised by the students and clarifying their doubts. A total of sixty one students attended the session.</p>
4	<p style="text-align: center;">KNOWLEDGE DISSEMINATION PROGRAMME "SCIENTIA 2024"</p> <p>Department of Chemistry conducted a knowledge dissemination programme “SCIENTIA 2k24” on 9th February 2024 at 1:30 pm in Govt. High School, Nochima. Three of our first-year BSc Chemistry students took classes on the topic “Fun with Chemistry”. The aim of the programme was to raise awareness about the relationship of chemistry with our daily life and the mysteries behind the chemistry in the human body. Power Point presentations and video clippings related to the topic were prepared and presented to 8th-grade students of the school.</p> <p>The programme was inaugurated by the Headmistress, Govt. High School, Nochima. The session started with a silent prayer. Muhammed Unaise, a teacher representative of the school gave an introduction to the students. The welcome address was done by the programme coordinator Dr. Shadiya MA, Assistant Professor, Department of Chemistry Al Ameen College and introduced the resource persons of the programme. The classes were taken by Fathima Beevi, Sreya P A & Fidha Kunjumammed U K of I BSc Chemistry. She has created awareness about the programme and also highlighted the precautions to be kept in mind while using various chemicals that we use in day-to-day life like that present in food additives, cosmetics, medicines etc. which created scientific thrust in the mind of students. Chemistry has a key role to play in understanding everything from viral structure to pathogenesis, isolation of vaccines and therapies, as well as in the development of materials and techniques used by basic researchers, virologists etc. The presentation started with an interesting video of chemistry in everyday life. The session effectively supplemented the</p>

	<p>programme, making it more rewarding and treasurable. Through these classes, almost all aspects of chemistry were presented to the children in an interesting manner and the doubts of the children were cleared through this class. The audience also interacted well. The high school children got more information regarding the magic of chemistry in their day-to-day lives. Sixty-two students from VIIIth standard attended the session. Finally, the programme concluded with a vote of thanks by Karthik Krishna of final-year UG Chemistry student.</p>
5	<p style="text-align: center;">POSTER EXHIBITION & SEMINAR ON “IMPORTANCE OF CHEMISTRY IN EVERYDAY LIFE”</p> <p>The Department of Chemistry conducted a poster exhibition in connection with the Mole Day celebration on 26th October 2023. A seminar on the topic “Importance of Chemistry in Everyday Life” was also arranged on the same day by our first-year B.Sc. Chemistry students. The session was handled by Sreya P A, Fidha Kunjumammed U K, Fathima Beevi and our head of the department Dr Leji Latheef chair the session. The programme was organized to cognisant the students of the importance of mole concept in chemistry and the relevance of the international celebration on mole day by scientific/chemistry community. Students prepared posters based on the mole concept. Poster exhibition was conducted in the first-year class room. This programme gave awareness of the significance of the Avogadro number and mole concept to the students of our department and others also. In the afternoon, three of our first-year U G students took a class based on the importance of chemistry in our day to day life. 78 students and staff attended the session. The talk was very interesting and all the students were enlightened by the programme and were aware of how chemicals/chemistry affect our daily life. Finally, the session was open for a mass discussion about the relevance of chemistry in the current scenario and the students clarified their doubts.</p>
6	<p style="text-align: center;">ORIENTATION CLASS FOR COMPETITIVE EXAMINATION</p> <p>The Department of Chemistry organized an orientation program for competitive examinations for BSc Chemistry students on 19th March 2024. Dr. Arun Gopi, Assistant Professor in the Department of Chemical Oceanography at the Marine Campus of CUSAT, was the resource person. The primary objective of the session was to guide students in achieving their career goals at national-level institutions and to help them understand how to prepare effectively.</p> <p>Dr. Gopi provided an overview of various postgraduate entrance exams, including JAM, GATE, ICAR, and those conducted by various IITs, as well as information about national institutes such as IITs and NITs. He discussed the benefits of each entrance exam, how to prepare for them, and the exam schedules. The goal of the program was to make students aware of these competitive examinations and emphasize the importance of attending them. He also explained how scores and cut-off marks are calculated.</p> <p>Dr. Gopi emphasized that as petrochemical students, it is crucial to aim for high GATE scores. He suggested that students consider subject-oriented coaching classes offered by his institution in Kochi to enhance their preparation.</p>

	<p>A total of fifty-five students from the first and second year of BSc Chemistry attended the program. The session was highly interactive, with Dr. Gopi addressing numerous student queries. The students left the session enlightened and well-informed about their future academic and career opportunities.</p>
7	<p style="text-align: center;">CAREER OPPORTUNITIES IN PETROLEUM INDUSTRIES</p> <p>The Department of Chemistry conducted an induction program for first-year B.Sc. Chemistry students on the topic "Career Opportunities in Petroleum Industries" on August 16, 2023, at 10:30 AM. The objective of the programme was to provide knowledge about various research and career opportunities in the petrochemical industry. The session was hosted by Mr Madhusoodhanan Nair, Quality Control Manager (retired) from BPCL, Kochi Refinery, who currently serves as the Managing Director of Industrial Training and Services. Dr. Leji Latheef, Assistant Professor and Head of the Department of Chemistry at Al-Ameen College, Edathala, coordinated the program.</p> <p>The speaker focused on the diverse career opportunities in the oil and gas industries. He advised students to pursue certificate courses related to the petrochemical field to enhance their knowledge and practical skills in this field. The students actively participated in the session, with a total of 25 students in attendance.</p>
8	<p style="text-align: center;">WORLD OZONE DAY CELEBRATION 2023 POSTER PRESENTATION</p> <p>To mark the International Day for the Preservation of the Ozone Layer in 2023, the Chemistry Department organised a poster exhibition with a central theme of "Protecting and Preventing Ozone Layer Pollution." This event took place on September 20, 2023, at 2 p.m. Students from the Chemistry department created posters focusing on the protection and conservation of the ozone layer. The primary objective of the program was to raise awareness among students about the significance of the ozone layer, its depletion, and the potential measures to safeguard and preserve it. The posters were displayed in the first-year classroom. The official inauguration of the programme was presided over by our Head of Department, Dr. Leji Latheef, who delivered a brief introduction of the event. A total of ninety students actively took part in the programme and gained valuable knowledge about the consequences of ozone layer depletion, which poses a significant threat to life on Earth.</p>
9	<p style="text-align: center;">BUSINESS IDEAS IN RUBBER PROCESSING AND RUBBER PRODUCTS MANUFACTURING</p> <p>On August 18, 2023, the Department of Chemistry, in collaboration with IIC, MSME, YIP, and IEDC at Al-Ameen College, Edathala, organized a seminar on "Business Ideas in Rubber Processing and Rubber Products Manufacturing." Dr. Dileep, Assistant Director at JJ Murphy Research Centre, Rubber Park India Pvt. Ltd., Perumbavoor, led the session. The objective was to foster interest and awareness about the rubber industry's growth, encouraging students to explore entrepreneurship in this field.</p> <p>The program began at 2 PM with a silent prayer, followed by a warm welcome from Dr. Shibilimol P.A., the program coordinator. Dr. Dileep introduced natural and synthetic rubber, discussing their properties, uses, and manufacturing processes.</p>

	<p>Dr. Dileep noted that India is the largest producer and the third-largest consumer of natural rubber, with Kerala as the leading rubber-producing state. He explained that industrial rubber is derived from isoprene found in the latex sap of rubber trees, which undergoes a process called "tapping." The harvested latex is refined for commercial use, with applications in tires, matting, flooring, hoses, and adhesives.</p> <p>The global rubber market, valued at INR 3,972 crore in 2020, is expected to reach INR 6,848 crore by 2026. Increasing demand for tires and non-tire automotive parts is driving market growth. Additionally, rubber is utilized in footwear, industrial goods, construction, textiles, and various consumer products.</p> <p>Dr. Dileep shared profitable ideas in rubber processing, including rubber bands, adhesives, sheets, and recycling waste tires. He highlighted the significant opportunities for young entrepreneurs in the rubber industry, emphasizing the increasing global demand for rubber products and the potential for job creation.</p>
10	<p style="text-align: center;"><u>EXPLORING THE RUBBER INDUSTRY</u></p> <p>Department of Chemistry in association with IIC and IEDC, Al Ameen College Edathala Aluva, organised a workshop on "Manufacturing of Rubber Products" at JJ Murphy Research Centre, Rubber Park India PVT.LTD, Perumbavoor. The programme's objective was to create awareness about the technology woven into the fabrication of various rubber processing and testing methods employed in the rubber industry and also utilize the expertise and knowledge of the industry connected to rubber manufacturing.</p> <p>Thirty-one students and two teachers went to visit the JJ Murphy Research Centre, Rubber Park. The programme started at 10 am and ended at 4 pm. The workshop provided a firsthand glimpse into the intricate processes involved in rubber-based appliance production.</p> <p>The workshop provided a firsthand glimpse into the intricate processes involved in rubber-based appliance production. Students got individual training on balloon and glove making. The visit to Rubber Park for the workshop was an enriching experience, offering a comprehensive understanding of the craftsmanship and technology woven into the fabric of rubber production. From the rhythmic movement of machines to the passionate conversations with industry experts, every aspect of the workshop visit revealed the dynamic and vital nature of the rubber manufacturing process.</p>
11	<p style="text-align: center;">SEMINAR ON "SYMMETRY OPERATIONS & GROUP THEORY"</p> <p>Department of chemistry conducted a seminar on the topic "Symmetry Operations & Group Theory" on 21st February 2024 for the final year BSc Chemistry students. Mr. Alex Kuriakose, Assistant Professor, Department of Chemistry, St. Alberts College (Autonomous, Ernakulam, was the resource person. The objective of the seminar was to provide a systematic treatment of symmetry operations in chemical systems within the mathematical framework known as Group Theory.</p> <p>The concept of Symmetry Operations and Group Theory are very important to study the structure of molecule and group theory is one of the most powerful mathematical tools used in quantum chemistry and spectroscopy. Usually symmetry</p>

	<p>actually means the symmetry of molecules but the symmetry of some local atoms, molecular orbitals, rotation and vibrations of the bonds etc are very important. The topic was based on the curriculum provided and the resource person took the class from the very basic. He covered the fundamentals of symmetry elements and symmetry operations with the help of models and covers the perception of group theory syllabus of M G University curriculum.</p> <p>Mr Alex also taught the symmetry operations by using ball and stick model thus the three dimensional operations can easily conveyed to students. All the final year UG chemistry students participated in the program. At the end of the seminar opens for interaction with the students and the speaker answered many doubts raised by the students and the students were clarifying all their doubts and well enlightened by the topic. Thirty four students attended the session.</p>
12	<p>WEBINAR ON: “PERSISTENT ORGANIC POLLUTANTS IN DAILY LIFE”</p> <p>An international webinar was organised by the chemistry department by our alumni Aiswarya A.R. , on the topic “Persistent Organic Pollutants in Daily Life”. The resource person of the day Aiswarya A R was our B.Sc. Petrochemical 2012-2015 batch student, currently doing her Ph.D at Hanyang University, Seol, South Korea. The webinar was held on 3rd October 2023 via Google Meet in the seminar hall of Al-Ameen College Edathala. The webinar started with a silent prayer followed by a warm welcome address by our dear HoD Dr Leji Latheef. The objective of the programme was to create awareness about how different organic persistent chemicals tactically play into the ecosystem and how to omit or reduce their uses.</p> <p>The main area of the resource topic was POPs, a persistent organic pollutant that is a highly unbreakable chemical that leads to serious health issues for humans and wildlife. The resource person started the session by explaining the unpleasant incident that happened last year and the Brahmapuram waste yard fire incident that occurred in March 2022. The solid waste treatment plant in Brahmapuram has gone up in smoke. This major fire and the smoke created after the fire at the Brahmapuram waste plant in Kochi have left toxic fumes that have enveloped the city for over a month. Kochi was facing heavy air pollution due to toxic fumes from burning plastic waste etc. The pollution caused by the chemicals mainly comes under Persistent Organic Pollutants (POPs).</p> <p>The topic covered by the resource person is well suited to the present scenario since persistent organic pollutants (POPs) are dangerous chemicals that seriously affect living things and the entire planet's ecosystems. POPs stay on for a long time, are extensively distributed throughout the environment, accumulate and intensify in living organisms through the food chain, and have harmful effects on wildlife.</p> <p>The issue discussed by the resource person was clear and quite interesting. Finally, the session opened for discussion, the audience cleared their doubts and after all, she delivered an idea about different career opportunities in the field of chemistry and also in South Korea, Japan and other countries.</p>

3. DEPARTMENT OF MATHEMATICS

Sl.No.	PROGRAMMES
1	<p style="text-align: center;">CERTIFICATE COURSE ON MATHEMATICS CODING AND AI</p> <p>The Department of Mathematics at Al-Ameen College, Edathala, in collaboration with Math Lab Cochin and IIT Kottayam, organized a Certificate Course on Mathematics Coding and Artificial Intelligence (AI). This course aimed to bridge the gap between theoretical mathematics and its practical applications in the realms of coding and AI. The course was meticulously designed to provide participants with a comprehensive understanding of how mathematics integrates with coding and AI. The curriculum was structured to cover a range of topics crucial for this integration like Foundational Mathematical Concepts, Algorithms and Data Structures, Coding Languages, and Applications in AI Development. The participants engaged in theoretical learning and practical exercises, enhancing their skills and understanding of how mathematical principles are applied in real-world coding and AI scenarios. The course concluded with a capstone project where participants demonstrated their acquired knowledge by developing an AI-based solution to a given problem. The course has equipped participants with valuable skills and knowledge, positioning them well for careers or further studies in the fields of coding and artificial intelligence</p>
2	<p style="text-align: center;">EASY V/S HARD PROBLEMS IN MATHEMATICS</p> <p>The post graduate department of Mathematics organized an enlightening session on "Easy vs. Hard Problems in Mathematics" on September 8, 2023, at the college seminar hall. The program aimed to provide valuable insights into the intriguing world of mathematical conjectures and open problems, specifically catering to first-year MSc Mathematics students. Dr. Pravas K, an esteemed member of the department, led this engaging session who delved into various mathematical conjectures, notably highlighting the Collatz Conjecture and the Poincaré Conjecture. These conjectures, known for their complexity and unsolved nature, served as a focal point for discussion, captivating the audience's attention and encouraging intellectual curiosity. Furthermore, the session extended its scope to encompass open problems in graph theory that find applications in our daily lives. These practical examples bridged the gap between theoretical mathematics and real-world scenarios, making the topic both interesting and informative for the attendees. It was an insightful event that not only broadened the horizons of mathematical knowledge but also ignited a passion for exploring the fascinating world of mathematical problem-solving.</p>
3	<p style="text-align: center;">MATHS DAY</p> <p>The Department of Mathematics celebrated Math Day and the inauguration of the association on January 24, 2024. The primary goal of the event was to highlight the importance of mathematics for the upcoming generation. Various interdepartmental</p>

	<p>competitions were organized by the department as part of the celebration. Six teachers and students from the Department of Mathematics participated in the program. The Chief Guest for the event was Jose Mathew, Assistant Professor in the Department of Mathematics at Deva Matha College, Kuravilangad. The association was inaugurated with the logo unveiling by Jose Mathew, who also released the first question of the day. The Principal presented mementos to Dr. Fathima Perveen and Dr. Athira in recognition of their completion of PhD programs in the past year. The event featured a lecture by Chief Guest Jose Mathew on the topic "Paradoxes of Mathematics," which was highly engaging.</p>
4	<p style="text-align: center;">GANITHAM :LALITHAM,MADHURAM</p> <p>The Postgraduate Department of Mathematics organized an outreach program "Ganitham: Lalitham, Madhuram" aimed at fostering interest and understanding in mathematics among school students. The program featured Dr. A Vijayakumar, Emeritus Professor from Cochin University of Science and Technology, as the resource person. The event witnessed active participation from approximately 105 students of Govt. Nochima School, along with the arrangement of an exhibition to enrich the learning experience.</p> <p>The program commenced with an enlightening interactive session led by Dr. A Vijayakumar, who shared insights into the significance and applications of mathematics in different domains. Students had the opportunity to engage with Dr. Vijayakumar, ask questions, and gain valuable perspectives on the subject. An exhibition was organized concurrently, featuring displays and demonstrations showcasing various aspects of mathematics. Exhibits included mathematical models, puzzles, visual representations of mathematical concepts, and applications of mathematics in everyday life. The exhibition aimed to stimulate curiosity and provide students with tangible examples of mathematical principles. Additionally, hands-on activities were conducted to encourage active participation and reinforce learning. Students engaged in problem-solving tasks, group activities, and mathematical games designed to enhance their understanding and appreciation of mathematical concepts.</p>
5	<p style="text-align: center;"><u>PI DAY CELEBRATION</u></p> <p>Pi Day, celebrated annually on March 14th (3/14), is a special occasion for mathematics enthusiasts worldwide to commemorate the mathematical constant π (pi). This year, the post-graduate department of mathematics at Al-Ameen College Edathala, Aluva, organized a captivating event to celebrate Pi Day in the serene ambiance of the Seminar Hall.</p> <p>The Seminar Hall buzzed with intellectual fervor as Arun J Manattu, a distinguished Research Scholar from Cochin University of Science and Technology, took the stage to deliver a thought-provoking talk on "Pi - The Beautiful, Irrational, and Transcendental." Against the backdrop of mathematical charts and diagrams, Mr. Manattu mesmerized the audience with his insights into the enigmatic world of pi, captivating their attention from start to finish. The interactive session that followed</p>

	encouraged lively discussions among attendees, fostering a collaborative spirit and igniting a newfound appreciation for the complexities of pi. Amidst the celebration, the Seminar Hall echoed with laughter and excitement as participants engaged in pi-themed activities, reinforcing the joyous spirit of Pi Day.
6	<p style="text-align: center;">REPORT OF WORKSHOP ON PYTHON PROGRAMMING</p> <p>On October 26, 2023, the Department of Mathematics conducted a comprehensive one-day workshop on Python programming in the computer lab at Al-Ameen College, Edathala. The workshop, aimed at both undergraduate and postgraduate students, was meticulously organized and attended by six teachers and 42 enthusiastic students, including participants from various external institutions.</p> <p>The workshop focused on highlighting Python's user-friendly attributes, emphasizing its simplicity for beginners, and underscoring its status as a free and open-source language. The well-structured session saw active participation from both UG and PG students. Dr. Vinitha T, Head of the Department of Mathematics, delivered the welcome speech, and Dr. A.V. Prajeesh, Assistant Professor in the Department of Mathematics at Amrita Vishwa Vidyapeetham, served as the resource person.</p> <p>Miss Safvana P.K., the student representative, extended a warm welcome to both the resource person and the attending teachers. During his session, Dr. A.V. Prajeesh engaged with the students, providing valuable insights into both the theoretical and practical aspects of Python programming. The session successfully concluded at 4:30 PM, with Miss Abia delivering the vote of thanks, expressing gratitude for the engaging and informative workshop.</p>

3. DEPARTMENT OF B.COM COMPUTER APPLICATION

1	<p style="text-align: center;">ENTREPRENEURIAL INSIGHTS: A JOURNEY OF INSPIRATION</p> <p>The seminar titled "Entrepreneurial Insights: A Journey of Inspiration" was conducted on 23rd February 2024 at the Department of Commerce, in collaboration with the IIC, IEDC, and AISSPACE. The seminar aimed to provide valuable insights into the world of entrepreneurship, inspiring budding entrepreneurs to embark on their entrepreneurial journey.</p> <p>Mr. K.A Muhammed Rafi, the founder of Imagine Decors, a renowned interior design firm known for its innovative designs and impeccable craftsmanship valuable insights and practical tips, drawing from his own experiences to offer guidance on topics such as business planning, market analysis, and customer engagement. The interactive session proved to be highly informative and inspiring, encouraging meaningful dialogue and exchange of ideas among participants.</p>
2	<p style="text-align: center;">SEMINAR ON HOW TO PLAN FOR START-UP AND LEGAL STEPS</p> <p>The seminar on "How to Plan for Start-Up and Legal Steps" was held on March 21, 2024, at the Seminar Hall of Al Ameen College. The event was organized by the</p>

	<p>Department of Commerce in collaboration with AISSPACE, aiming to educate and inspire students and aspiring entrepreneurs about the essential steps and legal considerations in starting a business. The resource person for the seminar was Mr. Midhun Mitwa, a renowned corporate trainer, motivational speaker, and soft skill trainer. The session facilitated meaningful discussions on specific challenges and concerns related to planning and legal compliance for start-ups.</p>
3	<p style="text-align: center;">EEEC WORKSHOP</p> <p>The Department of Commerce (self) conducted a soft skill training programme on Basic English grammar and pronunciation for the benefit of final-year B. Com. students of Al Ameen College on June 6, 2023. Shamna S. & Hasna V. A. were the resource persons of the programme. This session helped students to enhance their creative as well as communication skills.</p>
6	<p style="text-align: center;">DEBATE ON THE 4-YEAR UNDERGRADUATE PROGRAMME (FYGUP)</p> <p>The Department of Commerce (self) organized a debate on 21/3/24 in the college auditorium. The topic under discussion was "Is the 4-year UG course a bane or boon to students?" The event saw enthusiastic participation from about 100 students.</p> <p>Dr. Sreeja S, the Nodal Officer for FYUGP at Al-Ameen College, set the stage by explaining the details of the proposed FYUGP and emphasizing its importance to students highlighting the objectives and benefits of the 4-year UG course. Following Dr. Sreeja's introduction, the debate commenced with students presenting arguments both for and against the 4-year UG course. The participants engaged in a lively discussion, expressing various perspectives on the impact of the FYGUP on students.</p> <p>The debate provided a platform for students to voice their opinions and concerns regarding the FYGUP. It highlighted the diverse views on the 4-year UG course, fostering a deeper understanding of the issue among the participants. Overall, the debate was informative and engaging, stimulating critical thinking and encouraging students to reflect on the advantages and challenges of the 4-year UG course.</p>
7	<p style="text-align: center;">WORKSHOP ON EMOTIONAL INTELLIGENCE FOR YOUR GOALS</p> <p>Department Of Commerce (Self), Al Ameen College, Edathala, in association with IIC, IEDC conducted a workshop titled Emotional Intelligence for Your Goals on 11th and 12th July 2023 for the 3rd year BCom students .The resource person was Mrs.Nedheya Baby, certified international trainer, and coach.The workshop aimed to enhance the students' understanding and application of emotional intelligence in achieving their personal and professional goals.</p> <p>The speaker emphasized the importance of emotional intelligence in various aspects of life, such as building relationships, making informed decisions, managing stress, and fostering a positive work environment.The workshop included interactive exercises, role plays, and group discussions to allow students to apply the concepts of emotional intelligence to real-life scenarios.Students were encouraged to share their experiences and seek guidance on specific challenges they faced in achieving their goals.</p>

8	<p style="text-align: center;">SEMINAR ON FOUNDATION FOR SUCCESS - NAVIGATING THE PATH TO ACADEMIC EXCELLENCE</p> <p>The Department of Commerce (Self) organised an insightful event titled “Foundation for Success: Navigating the Path to Academic Excellence”. This event served as the orientation for first-year students and occurred on July 19th, 2023 to impart valuable insights to recently enrolled students, helping them attain academic excellence and establish a solid foundation for their future endeavours. The event was elevated by the presence of the esteemed guest speaker, Sri Manjush Navale, who shared his expertise, and it saw the active participation of 50 students. Overall, the seminar provided an enriching platform for students to gain valuable insights and strategies to excel in their academic journey. The event marked a promising beginning for the newly enrolled students of the college as they embarked on their educational pursuits.</p>
9	<p style="text-align: center;">SEMINAR ON INTRODUCTION TO SECURITY MARKET A DEPOSITORY SYSTEM</p> <p>The Department of Commerce (self) in association with Institution’s Innovation Council, Innovation and Entrepreneurship Development Centre, MOE’s Innovation Cell, Al Ameen College Edathala, organized a seminar on 11th August 2023 at 11 AM, titled “Introduction to Security Market and Depository System”. The event aimed to shed light on the intricacies of the security market and the significance of the depository system. The distinguished resource person, Mr. Sunit CS from CSDL, delivered an insightful session provided an in-depth overview of the security market, elucidating its role in facilitating trade and investment. The seminar on "Introduction to Security Market and Depository System" provided a comprehensive insight into these crucial aspects of the financial domain.</p>
10	<p style="text-align: center;">INTERNSHIP ORIENTATION PROGRAMME</p> <p>The Department of BCom Computer Application in collaboration with INVISOR Pvt.Ltd, organized an internship programme aimed at providing students with a platform to “earn while learn”. This initiative aimed to bridge the gap between theoretical knowledge and practical applications, empowering B Com students with real-world experience in the business and financial sector. Objectives of this programme included hands-on learning, skill enhancement and financial literacy.</p> <p>The practical exposure helped them develop critical thinking, time management, and teamwork skills, which are invaluable for a successful career in the finance domain.</p>
11	<p style="text-align: center;">INAUGURATION OF CERTIFICATE COURSE IN WEBSITE DESIGN AND SOCIAL MEDIA MARKETING</p> <p>The Department of B.Com Computer Application organized an inaugural ceremony for the Certificate Course on Website Design and Social Media Marketing on September 27, 2023, at 2:30 PM. The main speaker for the occasion was Mrs. Athulya from CC Cyber Campus, a distinguished expert in web design and social media marketing who delivered an enlightening session, focusing on the core objectives of the course. She provided valuable insights into evolving trends and practices in website design and the pivotal role of social media marketing in modern business strategies.</p>

	<p>Objectives of this course included enhancing digital skills by equipping participants with essential skills in website design and social media marketing and enabling them to thrive in the digital landscape, to foster creativity and innovation by encouraging creativity and innovation in designing compelling websites and implementing effective social media strategies and to facilitate industry-relevant learning by providing a platform for participants to learn industry-relevant practices and stay updated with the latest trends in web design and social media marketing.</p>
12	<p style="text-align: center;">FRESHERS DAY</p> <p>The Department of Commerce organised a Fresher's Day Program "Task Tharalle Machane" on 9th November 2022 at college Auditorium. There was a brief introduction session for the first-year students followed by various surprise activities intended for them to inculcate self-confidence and help them deal with stage fear. There were various cultural activities being conducted by students which made the event colourful. All the students enjoyed and had a wonderful experience.</p>
13	<p style="text-align: center;">CAREER GUIDANCE SESSION ON TRENDING PROFESSIONAL COURSES</p> <p>Department of Commerce (Computer Applications), Al Ameen College, Edathala, conducted a career guidance session on the importance of professional courses. The resource person for the workshop was Mr. Nithin Navadath, career consultant & Corporate Trainer, Logic School of Management. Topics discussed in the session included future challenges, opportunities in commerce, career guidance, interview tricks and trending professional courses. During the session, the speaker emphasized the importance for students to first understand themselves in terms of their interests and abilities, as well as what they expect from their education and career. The session was interactive and the doubts and enquiries of students were promptly addressed</p>
14	<p style="text-align: center;">ORIENTATION PROGRAM ON BEYOND THE BALANCE SHEET: UNLEASHING THE POTENTIAL OF MAVERICKS</p> <p>The Department of Commerce (self) conducted an orientation meeting on 11th July 2023 for the first-year BCom Computer Application students. The aim of the orientation was to familiarize the students with the department, its faculty, curriculum, resources, policies, and support services. The session introduced the department's faculty, curriculum, resources, and support services. Students were encouraged to seek guidance from faculty throughout their academic journey. The department's facilities, including computer labs, library, and online learning platforms, were also highlighted.</p>

15	<p style="text-align: center;">PROJECT REPORT WRITING</p> <p>The Workshop on Project Report Writing, hosted by the Department of Commerce on 21st December 2023 at the Annexe, aimed to equip students with the essential skills and techniques required for effective project report composition.</p> <p>The workshop delved into various aspects of project report writing, including structuring, formatting, content organization, citation methods, and presentation techniques. Mr. Allen engaged participants in interactive activities, providing practical examples and exercises to reinforce understanding. Students received comprehensive guidance on how to articulate their project reports effectively, ensuring clarity, coherence, and professionalism in their submissions</p>
16	<p style="text-align: center;">INTERDEPARTMENTAL CHRISTMAS CELEBRATION 2023</p> <p>The Department of Commerce orchestrated a delightful and engaging interdepartmental Christmas celebration on December 21, 2023, at the Annexe. The "Decor Contest" showcased students' creativity, while a "Letter to Santa" competition encouraged participants to express their holiday wishes. These activities fostered a spirit of camaraderie and festivity among the college community. The Annex buzzed with creativity, laughter, and a palpable sense of seasonal joy.</p>
17	<p style="text-align: center;">WEBINAR ON ARTIFICIAL INTELLIGENCE AND ITS FUTURE</p> <p>The Department of B.com Computer Application in association with SI-UK, organized an online webinar on June 27, 2023. The resource person for the webinar was Dr. Pam Johnston, a lecturer at Robert Gordon University. With welcome address by Mr. Shyam Kumar, a consultant at SI-UK, the webinar was helpful for the students to learn about the new technology of artificial intelligence and its future job opportunities. Students interacted with the resource person regarding their queries and got clarification on the matters of concern. The session concluded with a round of discussion, and students clarified their doubts about the topic.</p>
18	<p style="text-align: center;">COMMUNITY EXTENSION PROGRAMME 'SMILE'</p> <p>The Department of Commerce organized a heartwarming community extension program as part of celebrating the festival of Onam on Saturday, August 26, 2023 at the MES Charitable Complex in Edathala. The purpose of the event was to spread joy, foster community connections, and celebrate the spirit of Onam with the inmates of the orphanage and old age home. The event succeeded in achieving its goals of spreading happiness, enhancing community relationships, and celebrating the cultural significance of Onam. The interactions between the college students and the inmates of the orphanage and old age home created a sense of unity and compassion.</p>

4. DEPARTMENT OF PHYSICS

Sl.No.	PROGRAMMES
1	<p data-bbox="384 315 1225 344" style="text-align: center;">A GIANT LEAP: CHANDRAYAAN 3 MISSION LECTURE</p> <p data-bbox="260 396 1310 555">On July 14, 2023, the Department of Physics hosted an engaging lecture titled "A Giant Leap: Chandrayaan 3 Mission." The event was coordinated by faculty members Tharneem V A and Linu Mary Joseph, with MSc Physics students Anirudh S and Farsana Noushad serving as speakers.</p> <p data-bbox="260 602 1347 759">The lecture began with a warm welcome from Shyma Fathima, who set the stage for the enlightening discussion that followed. Dr. Sreeja S, Head of the Department of Physics, delivered the inaugural address, emphasizing the importance of space exploration and India's contributions to the field.</p> <p data-bbox="260 806 1315 965">Anirudh and Farsana provided an engaging overview of the history of space missions, highlighting significant achievements in humanity's quest to explore the cosmos. They focused on India's remarkable journey, particularly the landmark missions Chandrayaan 1 and 2, which laid the groundwork for Chandrayaan 3.</p> <p data-bbox="260 1012 1331 1171">The speakers then explored the key features and objectives of Chandrayaan 3, detailing the technological advancements and scientific instruments used in the mission. They emphasized Chandrayaan 3's role in enhancing our understanding of the moon's geology, surface composition, and potential resources.</p> <p data-bbox="260 1218 1326 1377">A highlight of the lecture was the live telecast of Chandrayaan 3's launch, allowing attendees to witness the historic moment as the spacecraft began its journey to the moon. This broadcast inspired pride and excitement among the audience, showcasing India's capabilities in space exploration.</p> <p data-bbox="260 1424 1334 1541">Overall, the lecture "A Giant Leap: Chandrayaan 3 Mission" offered attendees a thought-provoking insight into the fascinating world of space exploration, inspiring a new generation of scientists and enthusiasts to reach for the stars.</p>
2	<p data-bbox="331 1592 1281 1666" style="text-align: center;">ORIENTATION ON CERTIFICATE COURSE IN PYTHON WITH ARTIFICIAL INTELLIGENCE & MACHINE LEARNING</p> <p data-bbox="260 1720 1353 1962">The Department of Physics at Al Ameen College, Edathala, organized an orientation session on the Certificate Course in Python with Artificial Intelligence & Machine Learning. The session aimed to provide insights into the course structure, its significance in the contemporary tech landscape, and the expertise offered by Mr. Muhammed Shaheer, an esteemed professional in the field. The primary objective of the orientation was to familiarize prospective participants with the course content, its</p>

relevance, and the potential career opportunities in the domain of Artificial Intelligence and Machine Learning.

The orientation commenced with a warm welcome extended to all attendees by Dr. Sreeja S, HOD. She introduced Mr. Muhammed Shaheer, emphasizing his extensive experience and contributions to the field of Machine Learning.

Mr. Shaheer provided an overview of the course curriculum, highlighting the core topics covered, including Python programming fundamentals, data analysis, machine learning algorithms, and deep learning techniques. He emphasized the hands-on approach adopted in the course to ensure practical proficiency among participants.

Drawing from his experience as a consultant at Neudesic, IBM, Mr. Shaheer shed light on the growing demand for professionals skilled in Python, Artificial Intelligence, and Machine Learning. He emphasized the relevance of these technologies across diverse industries, ranging from healthcare and finance to e-commerce and automotive sectors.

Mr. Shaheer elucidated the vast array of career opportunities available to individuals proficient in Python, AI, and ML. He highlighted the roles of Data Scientists, Machine Learning Engineers, AI Specialists, and Business Analysts, underscoring the competitive advantage conferred by specialized skills in these domains.

The orientation concluded with an interactive question and answer session, during which attendees had the opportunity to seek clarifications and insights from Mr. Shaheer. Questions ranged from technical queries about specific algorithms to inquiries regarding career pathways and industry trends.

The orientation on the Certificate Course in Python with Artificial Intelligence & Machine Learning served as a comprehensive introduction to the program, offering valuable insights into its content, significance, and potential career prospects. Mr. Muhammed Shaheer's expertise and industry insights added immense value to the session, inspiring attendees to embark on a journey of learning and skill development in this rapidly evolving field.

3

SOLAR ASTRONOMY

On 19 December 2023, the Department of Physics at Al Ameen College, Edathala, in collaboration with the Breakthrough Science Society, Ernakulam Chapter, organized an engaging Solar Astronomy Program. The event aimed to promote interest in solar astronomy, telescope making, and sunspot watching among students and enthusiasts. The program commenced with an inaugural ceremony, featuring welcome addresses from faculty members and representatives of the Breakthrough Science Society. They emphasized the importance of solar astronomy in understanding the dynamics of the sun and its impact on Earth's climate and technology. The highlight of the program was a hands-on workshop on telescope making, where participants learned the basics of telescope construction using simple materials readily available in their

	<p>surroundings. Expert astronomers and technicians provided guidance and assistance, helping participants assemble their own telescopes.</p> <p>Following the telescope making workshop, participants engaged in a sunspot watching session. Under the guidance of experienced astronomers, participants observed sunspots and learned about their formation, characteristics, and significance in solar astronomy. Throughout the program, interactive sessions were conducted to educate participants about solar phenomena, including solar flares, prominences, and coronal mass ejections. Participants were encouraged to ask questions and actively engage with the subject matter, fostering a spirit of curiosity and inquiry.</p> <p>Overall, the Solar Astronomy Program was a resounding success, igniting curiosity and enthusiasm for astronomy among participants and fostering a deeper appreciation for the wonders of the cosmos.</p>
4	<p>DR. ANNIE VALLAMATTOM MEMORIAL INTERCOLLEGIATE STATE LEVEL PROJECT PRESENTATION COMPETITION</p> <p>Dr. Annie Vallamattom Memorial Intercollegiate State Level Project Presentation Competition is an annual event organised by St. Teresa's College, Ernakulam. It is an excellent platform for MSc Physics students from all over Kerala to showcase their research aptitude and findings to a wider scientific community. Two of our students, Ms. Sumayya M K AND Mr Arshad A of the 2021–23 batch, presented their MSc projects for the competition held at Science Block, St. Teresa's College. Arshad bagged third prize for his project titled "Understanding the Kinematics of CEMP Stars".</p> <p>The second-year PG students of the department attended the presentations. It provided good exposure to these students, who in turn will be carrying out their projects and presentations for the successful completion of the Master's programme. They got to know the variety of fields in which research is being carried out. They also understood how the project needed to be presented and that they needed to hone their presentation skills. A total of nine students attended the programme, and they all conveyed that it was a fruitful event.</p>

5. DEPARTMENT OF TOURISM

Sl.No.	PROGRAMMES
	<p>CERTIFICATE COURSE ON ADVENTURE WATER SPORTS : CLOSING CEREMONY OF 2022-25 BATCH & LAUNCHING CEREMONY OF 2023-26 BATCH</p> <p>The Department of Tourism Studies at Al Ameen College, Edathala, organized the closing ceremony of the Certificate Course in Adventure Water Sports for the 2022-25 batch and the launching ceremony for the 2023-26 batch on 20/09/2023. The program began at 10:30 AM with a prayer, followed by a welcome address by Ms. Jiss Theres, HOD of</p>

	<p>Tourism. The presidential address was delivered by Dr. Cini Kurian, Principal of Al-Ameen College.</p> <p>The launch ceremony was inaugurated by Mr. Shyam Krishnan P.G., Secretary of DTTC, Ernakulam. The keynote address was given by Mr. Mesh Manoharan, CEO and Founder of Neptune Water Sports. Felicitations were offered by Mr. Subin, Diving Instructor at Neptune, and Mr. Sreenivas Prabhu of Neptune Water Sports, Cherai. The vote of thanks was delivered by Nandhana Kammath of second year BTTM. Certificates were also distributed to the students of the 2022-25 batch.</p>
2	<p style="text-align: center;">REPORT ON FIELD VISIT TO FORT KOCHI – 19-01-2024</p> <p>On 19th January 2024, the First BTTM students, accompanied by two teachers, departed from the college at 10:00 AM and arrived at Fort Kochi at 11:00 AM.</p> <p>Kochi, formerly known as Cochin, is a prominent city in the Indian state of Kerala. Renowned as a major tourist destination for both domestic and international visitors, Kochi is one of the most visited cities in India. In 2017, Kerala's Tourism Department reported that the city attracted over 23 million domestic tourists. Factors contributing to its popularity include MICE tourism, the Lulu Mall, Wonderla water theme park, and the metro infrastructure in Kochi.</p> <p>Often referred to as the "Queen of the Arabian Sea," Kochi boasts one of the world's finest natural harbors and was historically a central hub in the global spice trade. The term "Old Kochi" (now known as West Kochi) refers to a group of islands, including Willingdon Island, Fort Kochi, and Mattancherry. The city's name is derived from the Malayalam word "Kochazhi," meaning small lagoon.</p> <p>Lunch was scheduled for 1:30 PM. After lunch, the group engaged in exploration activities around Fort Kochi. They departed from Fort Kochi at 2:30 PM and returned to the college at approximately 3:30 PM. The excursion provided students with an invaluable opportunity to apply their theoretical knowledge in a real-world setting. The experience was both educational and enjoyable.</p> <p>Parents arrived to pick up the students, and once all students had been collected, the teachers departed as well. The visit to Fort Kochi was highly enriching, offering insights into the city's historical and cultural significance, while complementing classroom learning.</p>
3	<p style="text-align: center;">MAP MAKING FROM PAPER WASTE</p> <p>The Institution's Innovation Council at Al Ameen College, Edathala, in collaboration with the BTTM Department, launched a sustainable initiative to creatively recycle waste paper. Excess paper waste, commonly discarded or burned in institutions like schools and businesses, contributes to pollution and environmental harm. To address this, BTTM students developed a method to recycle waste paper into pulp, which was then shaped into a three-dimensional map of India.</p> <p>The project, coordinated by Mr. Fazil, Mr. Ameen, Mr. Ismail, Ms. Athulya, and Ms. Safeela (final year), along with second-year coordinators Mr. Musammil, Ms. Nandana, and Ms. Abhirami, and first-year coordinator Mr. Thanseer, used materials such as waste paper, rice, paint, gum, twine, and wood. The map, featuring all Indian states in multicolor, also includes QR codes linking to official tourism websites for each state, offering viewers easy access to information.</p>

	<p>This eco-friendly project, guided by BTTM HOD Jiz Therez and supported by faculty, was inaugurated on August 23, 2023, by Manager Dr. Junaid Rahman and Principal Dr. Cini Kurian.</p>
4	<p style="text-align: center;">JEEVANI (TO SPREAD AWARENESS ON MENTAL HEALTH)</p> <p>The Department of Tourism Studies at Al Ameen College, Edathala, celebrated Tourism Week from 25/09/2023 to 29/09/2023, in connection with the World Tourism Day celebrations. The week-long event featured a variety of programs aimed at raising awareness and fostering a deeper understanding of tourism's significance and its impact on both individuals and communities.</p> <p>On the afternoon of 25/09/2023, the department organized an awareness program focused on mental health, in collaboration with *Jeevani*, an organization dedicated to mental well-being. The session aimed to educate students about the importance of mental health, especially in the context of the fast-paced and often stressful nature of the tourism industry. Mental health awareness is an essential aspect of tourism studies, as it relates to the well-being of both tourists and professionals within the industry.</p> <p>The program was inaugurated by Mr. Sree Kuttan, an alumnus of the Physics Department and a renowned Solo Sanchari who has traveled across India, Bhutan, and Nepal. Mr. Kuttan's involvement was particularly inspiring, as his passion for solo travel and exploration has made him a role model for many students. In his motivational talk, he shared his personal experiences and insights from his travels, highlighting how travel can be both a therapeutic and transformative experience. His stories sparked curiosity and enthusiasm among the students, encouraging them to explore not only the world's famous tourist destinations but also to engage in self-exploration and personal growth through travel. This session was an enriching experience for the students, tying together the themes of tourism and mental health, and providing valuable insights into the role of travel in maintaining well-being.</p>
5	<p style="text-align: center;">MOTIVATIONAL TALK</p> <p>The Institute of Innovation Council (IIC) at Al Ameen College, in collaboration with the Department of Tourism Studies, organized a motivational talk on entrepreneurship on 14th February 2024. The session aimed to inspire and inform students about the exciting world of entrepreneurship, with a focus on the challenges and opportunities involved in building a successful business.</p> <p>The resource person for the session was Ms. Biji Aboobaker, the Founder of Natural Edibles and the CEO of Earth Bites Foods, a leading name in the organic food industry. Ms. Aboobaker shared her entrepreneurial journey, detailing her experiences in launching and growing a business, as well as the key lessons she has learned along the way. Her insights into the importance of innovation, perseverance, and passion in entrepreneurship captivated the students.</p> <p>The program commenced at 10:30 AM with a silent prayer, followed by a welcome address by Mr. Aneesh K, the Coordinator of IIC and a faculty member of the Department of Tourism Studies. In his opening remarks, Mr. Aneesh emphasized the importance of nurturing an entrepreneurial mindset, particularly in the context of tourism and related industries.</p>

During her talk, Ms. Aboobaker elaborated on the challenges faced by entrepreneurs, such as market competition, financial management, and resource allocation. She also highlighted the significance of sustainable and ethical business practices, particularly in sectors like food and tourism. Her session was filled with practical advice and real-world examples, which helped students understand the nuanced aspects of entrepreneurship, including the need for resilience and adaptability. The session ended with an interactive Q&A, where students had the opportunity to engage with Ms. Aboobaker and gain further insights into her business strategies and personal experiences.

The program concluded at 12:30 PM with a vote of thanks delivered by Ms. Sruthy, a second-year BTTM student. She expressed gratitude to the resource person for sharing her valuable knowledge and inspiring the students to consider entrepreneurship as a viable career path.

NATIONAL TOUR

DESTINATIONS: COCHIN-AGRA-DELHI-RAJASTHAN-PUNJAB-MANALI - KASOL-DELHI-COCHIN

DATE: 25-01-2024 to 08-02-2024

Department of Tourism of AL-AMEEN College, had organized National Study Tour to Agra-Delhi-Rajasthan-Punjab-Manali -Kasol-Delhi from 25th January to 08th February 2024. The department had organized this tour to North India with the following objectives that:-

- Students should know about their country
- Students should be exposed to historical corridors of the country
- Students should be aware of its glorious history, heritage of India
- Students should learn management skills, teamwork, leadership skills, marketing strategies, production line, and Automation etc.

The tour started on 25th January 2024 with 52 students (18 girls+34 boys) and 2 faculty. According to Plan of tour we had covered Historical Monuments and Hill stations.

Day 1: Arrival in Agra

On the first day, we checked in at Ashish Palace Hotel. After freshening up, the students visited Agra and spent time at the Taj Mahal. In the evening, we went shopping in Agra before returning to the hotel for the night.

Agra is a city situated on the banks of the Yamuna River in the northern state of Uttar Pradesh, India. It is located 378 kilometers west of Lucknow, 206 kilometers south of New Delhi, 58 kilometers south of Mathura, and 125 kilometers north of Gwalior. As one of the most populous cities in Uttar Pradesh and the 24th most populous city in India, Agra is renowned for its Mughal-era architecture, including the Taj Mahal, Agra Fort, and Fatehpur Sikri, all of which are UNESCO World Heritage Sites. Agra is also part of the Golden Triangle tourist circuit, which includes Delhi and Jaipur, and the Uttar Pradesh Heritage Arc, which includes Lucknow and Varanasi. The city falls within the Braj cultural region.

Day 2: Exploring Agra and Delhi

On the second day, we visited Agra Fort early in the morning. Afterward, we returned to the hotel for breakfast. At 10:30 AM, we traveled to Fatehpur Sikri for sightseeing. After completing our visit, we checked out from the hotel and proceeded to Delhi. We arrived in Delhi, the capital city of India, and checked in at Kabir Palace, where we stayed for one night. In Delhi, we visited Raj Ghat, the Indira Gandhi National Museum, and Jama Masjid (Friday Mosque). We also went shopping in areas like Karol Bagh and Chandni Chowk, enjoying our time there.

Day 3: Journey to Jaipur

After breakfast, we checked out of the hotel and traveled to Jaipur, the capital city of Rajasthan. Before checking in, we visited Hawa Mahal and went shopping in the area. By night, we checked into the hotel and had dinner.

Day 4: Exploring Jaipur

Following breakfast, we visited Jantar Mantar and the City Palace. After lunch, we traveled to Amer Fort (Amber Fort). In the evening, we departed for Amritsar, the capital city of Punjab.

Day 5: Amritsar Exploration

In the morning, we arrived in Amritsar and checked into a hotel to freshen up and have breakfast. We then visited Jallianwala Bagh, the site where many lives were lost during the Jallianwala Bagh massacre. We proceeded to the Golden Temple, a significant Sikh holy site, and spent time shopping in the area. After lunch, we visited the Wagah Border, enjoying the experience there. At night, we began our journey towards Manali.

Day 6: Arrival in Manali

We reached Manali in the morning, had breakfast, and went river rafting at Beas River in Kullu Village. In the evening, we visited Mall Road for shopping and stayed overnight in Manali.

Day 7: Enjoying Manali

After breakfast, we spent time on the hotel premises, where students played in the snow and enjoyed themselves. By evening, we checked out from the hotel and proceeded to Kasol. We arrived at night and stayed there.

Day 8: Kasol and Return to Delhi

	<p>After breakfast, we visited Manikaran and took a hot water bath there. Following lunch, we checked out from the hotel and returned to Delhi, where we stayed for two days. We visited the Red Fort, Qutub Minar, and India Gate, and engaged in shopping as well.</p> <p>Day 9: Delhi and the Baha'i House of Worship</p> <p>After breakfast, we visited the Baha'i House of Worship, which is dedicated to the oneness of humanity and religion. It serves as a center for social, scientific, educational, and humanitarian services. We also visited India Gate and had lunch at Kerala House Delhi.</p> <p>Day 10: Departure</p> <p>In the early morning, we checked out from the hotel and proceeded to the railway station to board the train to Cochin. The tour was a memorable experience, and everyone enjoyed it thoroughly. Feedback from the students indicated that they were very happy and satisfied with the tour</p>
7	<p style="text-align: center;">WORLD TOURISM DAY CELEBRATIONS – 2023</p> <p>The Department of Tourism Studies at Al Ameen College, Edathala, celebrated Tourism Week with a variety of programs in connection with World Tourism Day from 25/09/2023 to 29/09/2023. On 25/09/2023, the department organized a “Familiarization Session on Aviation Careers” in collaboration with GMR Aero Academy. Shri Mohamed Ashraf, Head of Operations & Admin for Kerala at GMR Aero Academy Kochi, was the resource person.</p> <p>The program began at 10:30 AM with a prayer, followed by a welcome address by Ms. Jiss Theres, HOD of Tourism. The resource person shared insights on the importance of aviation as a promising career and spoke about his 25 years of experience in the industry.</p> <p>The session concluded at 12:30 PM with a vote of thanks by Ms. Sruthy, 2nd BTTM. At 12:30 PM, a flash mob performed by BTTM students welcomed Tourism Day, followed by an interactive session with Mr. Sree Kuttan, Solo Sanchari (India, Bhutan, & Nepal), an alumnus of the Physics Department. Dr. Cini Kurian, Principal, presented a memento to Mr. Sree Kuttan. Overall, the first day's events were a great success.</p>

7. DEPARTMENT OF COMMERCE

Sl.No	PROGRAMMES
1	<p style="text-align: center;">COMMERCE ASSOCIATION INAUGURATION AND SESSION ON GST IN PRACTICE</p> <p>The associations and groups offer students a platform to showcase their talents and skills, helping them identify their areas of expertise and interest. The Post Graduate Department of Commerce has conducted its Association inauguration on 20th September, 2023 at 10.30 am at Seminar Hall followed by a session on GST in Practice. The inauguration</p>

	<p>of the programme was done by Sri. Siraj A, Deputy Commissioner State GST Dept, Ernakulam. The session on GST was very impressive and informative to the students as they came to know more details regarding GST in actual practice. The students were able to bridge the gap between the theory and practical session in GST.</p> <p>The formal session was welcomed by Ms. Shamila NA, HOD and Dr. Cini Kurian presided the session, followed by a felicitation by Dr. Leena Varghese, IQAC Coordinator and vote of thanks was delivered by Ms. Fathima Sherin, a second year BCom student.</p> <p>After the inaugural session, the representatives from each class both from UG and PG classes were elected to be the members of Commerce Association 2023-2024.</p>
2	<p style="text-align: center;">CAREER COUNSELLING AND INTERNSHIP TRAINING</p> <p>The Post Graduate Department of Commerce has arranged a linkage with M/s. Invisor Consultancy Services Ltd, Kakkanad to conduct an internship training for its undergraduate and post graduate students for the academic year 2023-24.</p> <p>The primary aim of this training is to provide a practical knowledge to the students about accounting, management and other aspects and also to instill soft skills in students which is highly essential for securing a job especially in multinational companies. The training will be undertaken in different phases and an initial phase of introduction to the internship training and career counselling was organised on 15th September, 2023 at Mini seminar hall from 1.30 pm to 3.30 pm.</p> <p>The resource person for the session was Mr. Mathew, Senior Executive of Invisor consultancy Services Ltd. The formal session was welcomed by Ms. Shamila NA, HOD. Dr. Cini Kurian ,Principal, presided the session, followed by a felicitation by Dr. Leena Varghese, IQAC Coordinator .The vote of thanks was delivered by Ms. Summayya Asharaf, a final year BCom student.</p>
3	<p style="text-align: center;">COMMUNITY EXTENSION PROGRAMME</p> <p>The Post Graduate Department of Commerce orchestrated a community extension programme on 22nd August, 2023. Final year undergraduate students, accompanied by two teachers, embarked on a heartfelt journey to visit the residents of Peace Valley in Nellikuzhy.</p> <p>There were around 350 persons currently staying in that organisation and most of them were bed ridden, dialysis patients and few were in pain and palliative centre. Around 60 students in 2 college buses reached the centre and provided a fund of Rs. 14000 to the administrators to offer a special lunch to the inmates on the same day. The care takers explained clearly about the inmates, their illness and day to day routine. It was great experience for the students to realize the life condition of the inmates and develop empathy towards them.</p> <p>The students interacted with the inmates and sang songs with them.As the day drew to a close, the students departed with their hearts filled with emotion, promising to return in the company of their families and friends.</p>
4	<p style="text-align: center;">INVESTOR EDUCATION PROGRAM (IEP) RECENT DEVELOPMENTS IN CAPITAL MARKET</p> <p>The Post Graduate Department of Commerce in association with Lotus Knowlwealth Pvt. Ltd., has organised an IEP- Investor Education Programme as part of BSE initiative. The</p>

	<p>resource person of the programme was Mr. Venugopal Rayirath, Senior Associate of LKW. The programme was organised on 18th September, 2023 at 1.30 pm at Seminar Hall.</p> <p>The students of second year UG and first year PG classes participated in this programme. The department arranged the program aiming at bridging the gap in the curriculum for second-year students who are currently studying capital markets, a subject that primarily involves theoretical concepts. This program is designed to enhance their understanding of Capital Market Awareness, introduce them to Mutual Funds, and provide insights into Financial Planning, thus enriching their educational experience.</p> <p>The formal session was welcomed by Ms. Shamila NA, HoD and Dr. Cini Kurian presided the session, followed by a felicitation by Dr. Leena Varghese, IQAC Coordinator .The vote of thanks was delivered by Ms. Summayya Asharaf, final year BCom student. The session was very interesting and informative.</p>
5	<p style="text-align: center;">EXPERT TALK AND ALUMNI INTERACTION <i>The Insolvency and Bankruptcy Code, 2016</i></p> <p>An expert talk cum alumni interaction was organized by the Post Graduate Department of Commerce on 4th August 2023 for the first year UG and PG students at the seminar hall. The guest speaker for this occasion was C A Sreeraj Mani, alumnus of B Com 2015 batch.</p> <p>The programme began with a silent prayer. Dr. Leena Varghese, IQAC o-ordinator of Al-Ameen College welcomed the gathering. In the first session of the programme the resource person interacted with the students and clarified their doubts regarding CA, CMA, ACCA courses.</p> <p>The Insolvency and Bankruptcy Code, 2016 (IBC) is an Indian law which creates a consolidated framework that governs insolvency and bankruptcy proceedings for companies, partnership firms, and individuals. In the second session the resource person explained about the Insolvency and Bankruptcy Code, Insolvency and Bankruptcy Board of India, its organizational structure, functions and responsibilities of insolvency professional agencies etc.</p> <p>Programme concluded with a vote of thanks by Fathima Nisiya T.S. who expressed the gratitude to the speaker for sparing his valuable time.</p>
6	<p style="text-align: center;">STUDENT INDUCTION PROGRAMME 2023-24</p> <p>Transition from school to university/college life is one of the most challenging events in a students' life. The new students from while entering to a new institution are upto an unfamiliar environment When new students diverse thoughts, backgrounds and preparations enter an institution, they are into a new unfamiliar environment, and many of them have little knowledge of a college. It is therefore an important task, to welcome and orient new students so as to guide, mentor and prepare them for their new role. The Post Graduate Department of Commerce, conducted a Student Induction Programme for the first year UG students (BCom) on 11th July, 2023 from 9.30 am to 12.30 pm.</p> <p>The HOD, Ms. Shamila NA Welcomed the new students and shared the information regarding the internal and external assesment procedures. Dr. Leena Varghese, Dr. Nisha Josesph also shared about the activities undertakne in the department, Mr. Faiz another faculty of the department also addressed the new students and motivated the students.</p>

	<p>Student Induction Programme helped new students to adjust and feel comfortable in the new environment, inculcate in them the ethos and culture of the institution, help them build bonds with other students and faculty members, and expose them to a sense of larger purpose and selfexploration.</p>
7	<p style="text-align: center;">RESEARCH ANALYSIS USING JAMOVI - 07.08.2023</p> <p>Research is the process of investigating a topic in an in-depth, systematic manner. Data collected is analyzed to examine its implications and support a defensible claim about the topic. The lengthy and cumbersome procedure for using statistical tools in the analysis often creates confusions in the minds of the students while undertaking a project. Keeping this in mind, PG Department of Commerce has organised a one day workshop - hands on training on JAMOVI, a user friendly software for undertaking data analysis in social science research.</p> <p>The hands on training was conducted on 7th August, 2023 at Language Lab. The resource person of the session was Dr. Vineeth KM, Assistant Professor and Research Supervisor, Government College, Thripunithura. The meeting was presided by Dr. Cini Kurian, Principal and Ms. Shamila NA, HoD welcomed the gathering & Dr. Leena Varghese delivered vote of thanks.</p> <p>The workshop has imparted fresh insights in the minds of the students in undertaking research analysis in a very simple manner. The software proved to be remarkably user-friendly, offering a free and open statistical solution to bridge the gap between researchers and statisticians. It provides Graphical User Interface for R Programming which is one of the most widely used open-source statistical package in the field of Data Science across the world. It serves as a compelling alternative to costly statistical products such as SPSS, Stata and SAS, etc.</p>
8	<p style="text-align: center;">ORIENTATION PROGRAMME FOR FRESHERS</p> <p>The Post Graduate Department of Commerce has organized an orientation session for the first year B Com and M Com students on 26-07-2023 at the college seminar hall. Dr.Rafeekamol C.A, Head, Department of Commerce, MES College,Marampally was the resource person for the day. The programme started with a silent prayer and was followed by a welcome speech by Shamila N.A ,Head, Department of commerce. Al-Ameen College, Edathala.The session titled “Embarking on the Journey:Unveiling Your Potential” really helped the students to wipe out all their doubts and confusion regarding commerce. The resource person clearly explained the importance of Commerce in today’s world and various career opportunities available to them. The whole session was highly interactive, and really fruitful to the students. The programme ended with the vote of thanks by Ms. Sarah Mariyam Benny, first year MCom student.</p>

8. DEPARTMENT OF COMPUTER SCIENCE

Sl.No	PROGRAMMES
1	<p style="text-align: center;">SEMINAR ON INNOVATION THROUGH ARTIFICIAL INTELLIGENCE AND MACHINE LEARNING</p> <p>The Department of Computer Science, in association with IIC and IEDC, organized a seminar on “Artificial Intelligence and Machine Learning”. The invited speaker for the topic was Ms. Ann Rija, Senior Consultant, Cloud Innovations. She provided wide information about the</p>

	<p>applicability of artificial intelligence and how to drive this concept in startups. Her talk broadly covered topics such as the utility of artificial intelligence across various sectors like self-learning platforms, health care, and AI's future prospects. The topics covered during the talk were: Introduction to Artificial Intelligence and Machine Learning, Current status in India, Uses across various sectors and self-learning. The students from the first year of B.Sc. Computer Science and BCA participated in the seminar. Students participated actively during the session. Moreover, the talk will be an interactive session that will be open for discussion and student views. Students became aware of various job opportunities and career options in the fields of artificial intelligence and machine learning. They got an idea of the practical applications of artificial intelligence and machine learning, which generated interest in students.</p>
2	<p style="text-align: center;">ALUMNI INSIGHTS 2023 INSPIRING SUCCESS STORIES</p> <p>The Department of Computer Science organized a career guidance session on 19/07/2023 in the Computer Lab for second-year and final-year students. The session featured three distinguished alumni from the BCA batch of 2016-2019: Unnikrishnan R., currently a System Engineer at TCS; Harikrishnan A.S., an Associate Projects Professional at Cognizant; and Sravanchand P.S., a Project Engineer at Wipro Technologies.</p> <p>The program began with an introduction to the importance of career counseling and how it can assist students in making informed career choices. The experts discussed various career options available to computer science students and emphasized the significance of careful decision-making when selecting a career path. They also shared insights from their personal experiences in the corporate world, offering valuable advice on adapting to different working environments.</p> <p>The session provided students with essential knowledge, information, and skills to help them identify potential career options and narrow down their choices. By the end of the program, students were better equipped to make informed decisions about their professional futures.</p>
3	<p style="text-align: center;">ALUMNI ASSOCIATION MEETING</p> <p>The Computer Science Alumni Association meeting was held on 5th August 2023 at 10:00 AM in the Seminar Hall of the college. The event saw an enthusiastic participation of 62 alumni members, who had gathered to reconnect with their alma mater and discuss ways to strengthen the association further.</p> <p>The meeting began with an address by the Head of the Department of Computer Science, who welcomed the alumni and emphasized the importance of staying connected with the department and contributing to its growth. The HOD also spoke about the department's achievements, ongoing initiatives, and future plans, and encouraged the alumni to actively participate in various departmental activities, mentoring programs, and career development initiatives for current students.</p> <p>One of the key items on the agenda was the election of the executive committee for the academic year 2023-2024. After a brief discussion, a new executive committee consisting of four members was elected. These members were entrusted with the responsibility of organizing future alumni events, facilitating collaborations between the alumni and current students, and supporting the department in various academic and extracurricular activities.</p> <p>The meeting concluded at 1:00 PM, with a vote of thanks delivered by one of the committee members. The gathering left with a renewed sense of connection and commitment</p>

	to the department, and with plans for more active involvement in upcoming initiatives. The event was not only a chance to reconnect but also an opportunity to lay the foundation for future collaborations that will benefit both alumni and current students.
4	<p style="text-align: center;">INNOVISTA 2023-2024</p> <p>InnoVista Computer Science Association hosted an insightful talk on "Technology in Future" featuring Amjad N, the Founder and CEO of ElkanIO Research Lab. The event aimed to delve into the evolving landscape of technology and its potential impact on future innovations.</p> <p>The event commenced with an inspiring address by Principal Dr. Cini Kurian, emphasizing the importance of embracing technology and fostering a culture of innovation within the academic community.</p> <p>Amjad N, renowned for his expertise in technological advancements, delivered a captivating presentation on the future of technology. The talk explored emerging trends, potential disruptions, and the role of innovation in shaping the technological landscape. Attendees gained valuable insights into cutting-edge technologies and their applications across various domains. Engaging discussions ensued, fostering a collaborative exchange of ideas and perspectives among participants.</p> <p>Amjad N highlighted the significance of emerging technologies such as artificial intelligence, blockchain, and quantum computing in driving future innovations. The discussion addressed the potential socio-economic implications of technological advancements and the importance of ethical considerations in their development and implementation.</p> <p>The event was meticulously organized under the guidance of the student coordinator, Showkath Ali. His leadership and coordination ensured the seamless execution of the programme, contributing to its overall success. The event proved to be a resounding success, providing attendees with valuable insights into the future of technology and fostering a spirit of innovation within the InnoVista Computer Science Association.</p>
5	<p style="text-align: center;">BLIND SCHOOL VISIT</p> <p>On 23rd November 2023, the Department of Computer Science organized a visit to the local Blind School as part of their ongoing initiative to engage with the community and understand the needs of differently-abled individuals. The visit aimed to explore how technology can be leveraged to improve the quality of life for visually impaired individuals, particularly in the context of education and skill development.</p> <p>A group of 40 students and 4 faculty members from the Department of Computer Science participated in the visit. The group was warmly welcomed by the staff of the Blind School, who gave a brief introduction to the school's history and current educational programs. The students were introduced to various assistive technologies being used at the school, such as screen readers, Braille displays, and speech-to-text software, which help visually impaired students access educational materials and participate in learning activities.</p> <p>During the visit, the faculty members and students interacted with the students of the Blind School, learning about their daily challenges and the role of technology in overcoming these barriers.</p>
6	<p style="text-align: center;">SEMINAR ON BUSINESS INTELLIGENCE</p> <p>The Department of Computer Science conducted an insightful seminar on Business Intelligence on 24th November 2023. The session was led by Mr. JyotiKrishnan K. Suredran, a Business Analyst at Quantiphi Analytics, Bangalore, who shared his expertise with the</p>

	<p>attendees. The seminar was attended by approximately 70 first-year B.Sc. Computer Science and BCA students, along with 10 faculty members.</p> <p>The seminar aimed to provide students with an understanding of the key concepts and tools used in the field of business intelligence. Mr. Suredran introduced the participants to data extraction, data visualization tools, and ETL (Extract, Transform, Load) processing tools, explaining their importance in transforming raw data into actionable insights for businesses. He provided live demonstrations of popular business intelligence software and highlighted the role of data analysis in decision-making processes across industries.</p> <p>Additionally, the resource person emphasized the growing demand for skilled professionals in business analytics and guided students on career opportunities available in this field. He discussed the various career paths for business analysts, including roles in data analysis, reporting, and strategic decision support.</p> <p>The seminar was a valuable learning experience for students, equipping them with knowledge of the tools and skills required in the dynamic field of business intelligence, while also opening their eyes to the potential career avenues in data analytics.</p>
7	<p style="text-align: center;">CERTIFICATE COURSE-2023-24</p> <p>The Department of Computer Science organized a certificate course on “Artificial Intelligence and Machine Learning” on 20th October 2023 at the college’s Computer Lab, in association with TechbyHeart Software Solutions. The resource person for the session was Ms. Sujitha Kurup, a Senior Faculty Consultant at TechbyHeart Software Solutions, who brought valuable expertise and insights into the field.</p> <p>The program commenced at 9:30 AM with a keynote address by the Principal, Dr. Cini Kurian, who emphasized the importance of AI and ML in the modern world and encouraged students to embrace emerging technologies. This was followed by an inspiring address from the Head of the Department, Ms. Beenatries N. Joy, who highlighted the significance of such courses in enhancing students' technical skills and preparing them for future career opportunities. The course ran throughout the day, from 9:30 AM to 4:00 PM, with 76 students actively participating. The resource person, Ms. Sujitha Kurup, provided an in-depth overview of AI and ML concepts, demonstrating their practical applications and real-world relevance. The students were motivated and engaged throughout the session, with hands-on examples and discussions that deepened their understanding of the subject. By the end of the day, the course was successfully completed, leaving students with valuable knowledge and skills in AI and ML. The program was highly informative and well-received, providing a thrilling and enriching experience for all participants.</p>
8	<p style="text-align: center;">SEMINAR ON “CYBER SECURITY AND ETHICAL HACKING”</p> <p>The Department of Computer Science organized a seminar on "Cyber Security and Ethical Hacking" on 26th October 2023, from 1:30 PM to 3:30 PM. Mr. Resal, a Cyber Security Analyst at Infosys, was the resource person for the session. The seminar was attended by 72 students from the first-year B.Sc. Computer Science and BCA programs, along with three faculty members.</p> <p>The event began with a brief silent prayer, followed by a warm welcome address by the student coordinator. The coordinator expressed gratitude to the guest speaker and outlined</p>

	<p>the significance of the seminar for students pursuing computer science and related fields. Mr. Resal then took over the session, where he expertly delved into various aspects of cyber security, highlighting the growing importance of protecting digital assets in today's technology-driven world. He also introduced the concept of ethical hacking, emphasizing its role in identifying and mitigating security vulnerabilities.</p> <p>It was an informative and interactive session, which sparked interest and discussions among the students about the real-world applications of cyber security and ethical hacking techniques. This initiative was an excellent opportunity for the students to enhance their knowledge in this critical area.</p>
9	<p style="text-align: center;">REPORT OF ETHICAL HACKING WORKSHOP & HACKATHON</p> <p>The Department of Computer Science, in collaboration with TechByHeart and Intern Can, organized a comprehensive Ethical Hacking Workshop as part of the Computer Association Inauguration on December 18th & 19th, 2023. The programme was conducted in the seminar hall. The event unfolded over two days, providing an engaging platform for exploration and collaboration in the field of cyber security.</p> <p>The inauguration of the workshop was a momentous occasion presided over by Dr. Cini Kurian, Principal, Al Ameen College, who added prestige to the event. The ceremony began with the traditional lighting of the lamp, symbolizing the enlightenment and pursuit of knowledge. Head of the departments Ms. Beenatries N Joy and Ms. Vijaya Gopinath M graced the occasion, providing their valuable insights and encouragement.</p> <p>On the day one of the Ethical Hacking Workshop, held in conjunction with the inauguration, brought together 78 participants from various colleges eager to delve into the ethical dimensions of hacking. Mr. Rohith N, a distinguished Cybersecurity Expert from TechByHeart, shared valuable insights and real-world examples, igniting a passion for ethical hacking among the attendees.</p> <p>Mr. Muhammed Minhaj of II B.Sc. Computer Science, the student coordinator of the entire program, played a pivotal role in ensuring the success and coordination of the workshop. The organizing committee, comprising 12 members from 6 classes, was led by a faculty coordinator.</p>
10	<p style="text-align: center;">FUTURE OPPORTUNITIES FOR ENTREPRENEUR</p> <p>The IEDC and Department of Computer Science, Al Ameen College, Edathala in association with YIP organized a seminar on Future Opportunities for Entrepreneurs on 26th June 2023 at AIS SPACE. In an ever-evolving global landscape, entrepreneurs constantly seek new avenues for growth and innovation.</p> <p>Objective</p> <p>To explore the emerging trends and future opportunities that entrepreneurs can capitalize on to create successful ventures. The session discussed the following things</p> <ul style="list-style-type: none"> • Technology Advancements: <p>Artificial Intelligence (AI) and Machine Learning (ML): AI-driven solutions are transforming industries, from healthcare to finance. Entrepreneurs can focus on developing AI-driven products, services, and platforms to streamline processes and enhance customer experiences.</p> <ul style="list-style-type: none"> • Sustainable Solutions:

	<p>Renewable Energy: With the increasing emphasis on sustainability, entrepreneurs can tap into the renewable energy sector. This includes solar, wind, hydro, and other clean energy sources, as well as energy storage solutions.</p> <ul style="list-style-type: none"> • Health and Wellness: <p>Telemedicine and Digital Health: The integration of technology in healthcare presents opportunities for entrepreneurs to develop telemedicine platforms, wearable health devices, and health monitoring apps.</p> <ul style="list-style-type: none"> • E-Commerce and Retail: <p>Personalized Shopping Experiences: Entrepreneurs can create e-commerce platforms that use AI to tailor recommendations and enhance the customer journey.</p> <ul style="list-style-type: none"> • Remote Work and Collaboration: <p>Remote Work Tools: The shift towards remote and hybrid work models opens opportunities for entrepreneurs to develop tools that enhance remote collaboration, communication, and project management.</p> <ul style="list-style-type: none"> • Virtual Reality (VR) and Augmented Reality (AR): Entrepreneurs can explore applications of VR and AR beyond gaming, including virtual meetings, remote training, and immersive customer experiences. • Education Technology: • Online Learning Platforms: The demand for online education continues to grow. Entrepreneurs can create platforms that offer interactive and personalized learning experiences. • Skill Development: As lifelong learning becomes essential, entrepreneurs can develop platforms for upskilling, reskilling, and continuous learning across various industries. <p>The future offers a plethora of opportunities for entrepreneurs to innovate, disrupt, and create meaningful solutions. From harnessing technology advancements to addressing sustainability challenges and catering to evolving consumer needs, entrepreneurs have a wide range of avenues to explore. To succeed in this dynamic landscape, staying adaptable, staying informed about trends, and understanding customer demands will be key factors for entrepreneurial success. Around 70 students attended the session.</p>
11	<p style="text-align: center;">ORIENTATION PROGRAMME</p> <p>The Department of Computer Science organized an orientation session for first-year students and their parents on 04-10-2023. The speaker for the occasion was Assistant Professor Soorya M. U. from the Department of Computer Science.</p> <p>The meeting began with an introductory speech by the Head of the Department, Prof. Beenatries N. Joy, followed by remarks from Prof. Vijaya Gopinath M. All first-year students and their parents attended the program and had the opportunity to interact with the faculty members. Prof. Soorya M. U. provided detailed information about the BCA and B.Sc. Computer Science courses, the college's attendance system, rules and regulations, internal examination procedures, and the internal marking system. She also introduced the various clubs and cells of the college. The session was highly interactive, with parents raising queries, all of which were addressed by the faculty. The orientation session was valuable for both students and parents, as it provided a clear understanding of the college's grading and attendance systems, as well as the academic framework of the university. The program helped to clarify important aspects of</p>

	student life, ensuring that both students and their families are well-informed about academic expectations and campus facilities.
12	<p style="text-align: center;">HANDS ON WORKSHOP IN LATEX 2023-24</p> <p>The Department of Computer Science, in association with Mathematics Department conducted a Hands on Workshop in LaTeX. The workshop was taken by M.Sc Mathematics student Ms. Abiya A B. The programme was conducted in the Language Lab on 12.03.2024. The workshop started at 10.30 am and students participated with full interest. Ms. Abiya was very much active and took the class in a pleasing manner and cleared the doubts of students as and when required. The students of third year computer science were very much involved in the workshop and was very happy with the hands on workshop. The students got a basic knowledge on LaTeX in the two hours workshop.</p>
13	<p style="text-align: center;">INNOVATION & ENTREPRENEURSHIP OUTREACH PROGRAM IN SCHOOLS / COMMUNITY</p> <p>The IIC (Institution's Innovation Council) of Al-Ameen College, Edathala, in collaboration with the Department of Computer Science, jointly organized a program on "Innovation and Entrepreneurship Outreach Programme in Schools/Communities" on August 18, 2023, at 11:30 AM at Joe Mount Public School, Chunangamvelly, Aluva.</p> <p>The program was coordinated by Ms. Remya B. Nair and Ms. Soorya M. U., Assistant Professors from the Department of Computer Science. The main objective of the program was to raise awareness among students about the significance of innovation and entrepreneurship in today's world.</p> <p>Students from Class IX participated in the program, where they gained valuable insights into the importance of innovation in the current scenario. The Head of the Institution, Sr. Merry Rose SD, inaugurated the event and delivered an inspiring speech on the role of innovation in everyday life and its impact on society.</p> <p>Ms. Remya B. Nair and Ms. Soorya M. U. further motivated the students by encouraging them to develop their skills in entrepreneurship and emphasized the need to cultivate creative and innovative ideas for future success. The program concluded with a vote of thanks by Ms. Soorya M. U., who expressed gratitude to the participants and teachers for their support in making the event a success.</p>
14	<p style="text-align: center;">SEMINAR ON "AI AND MACHINE LEARNING"</p> <p>The Department of Computer Science, in collaboration with TechByHeart organized a seminar on "AI and Machine Learning " on 10th August 2023 at 01:30 pm-03:30 pm. Machine learning is a subfield of artificial intelligence, which is broadly defined as the capability of a machine to imitate intelligent human behavior. Artificial intelligence systems are used to perform complex tasks in a way that is similar to how humans solve problems. The venue of the event was Computer Lab-I. 71 students attended the session.</p> <p>Mr. Aswin Das, a distinguished Python-AI Developer from Tech By Heart, shared valuable insights and real-world examples, igniting a passion for AI and Machine Learning among the attendees. At the end there was an interactive session, so that the students could clear their doubts regarding these topics.</p>
15	<p style="text-align: center;">REPORT ON UNITY GAME DEVELOPMENT WORKSHOP</p> <p>The Unity Game Development Workshop conducted on December 19 aimed to introduce participants to the fundamentals of game development using the Unity game engine.</p>

	<p>The primary objectives of the programme was to provide participants with an overview of the Unity game engine, its features, and capabilities.</p> <p>The workshop provided participants hands-on experience by guiding them through the process of creating a simple game project. It provided an opportunity for participants to network with each other and the resource person, fostering collaboration and knowledge sharing.</p> <p>Suhail K H delivered an in-depth introduction to Unity, covering its interface, workflow, and key components. Participants gained a solid understanding of Unity's capabilities and how to navigate its interface efficiently. Throughout the workshop, participants engaged in practical exercises under the guidance of Suhail K H. They learned how to create and manipulate game objects, apply physics, and implement basic game mechanics using Unity's scripting capabilities.</p> <p>One of the significant gains of the workshop was participants' improved proficiency in Unity scripting. Suhail K H provided clear explanations and practical examples, enabling participants to grasp scripting concepts and implement them effectively in their game project</p>
16	<p style="text-align: center;"><u>VENERATION DAY</u></p> <p>The Department of Computer Science organized Veneration Day on 20th March 2024 for honoring students for their achievement in curriculum and co-curriculum. 12 Students who got placements were honored by distributing memento to them by Placement Officer Mr. Vishnu Lona Jacob. Certificates of certificate course were distributed by TechbyHeart Vice President. Also the students who participated in University Kalolsavam were honored by the department.</p> <p>The Principal Dr.Cini Kurian delivered the Presidential address and congratulated all achievers of the department. The placement officer motivated all students. The student coordinator delivered a vote of thanks.</p>

9. DEPARTMENT OF ADDITIONAL LANGUAGES

Sl.No	PROGRAMMES
1	<p style="text-align: center;">CARPE DIEM INAUGURATION AND FILM SHOW</p> <p>Renowned artist and sculptor Razi Rozario inaugurated the 2023-24 session of Carpe Diem, the extended classroom of Al-Ameen College, Edathala. The event was presided over by Dr. Cini Kurian, the Principal. Dr. Leena Varghese, Coordinator of the IQAC; Dr. Shaniba M.H., Convenor of NAAC; Shelley N.A., Assistant Professor in the Department of Malayalam; and Jithin Mohan also spoke at the occasion. Following the formalities, the program featured a screening of "Gabo," a short film directed by Razi Rozario, along with a face-to-face session with the artist, moderated by Abdul Salam, Assistant Professor in the Department of Malayalam</p>
2	<p style="text-align: center;">PROF. ALIKUNJU ENDOWMENT ELOCUTION COMPETITION</p> <p>The Department of Additional Language and the Alumni Association of Al-Ameen College collaboratively organized an inter-university quiz competition in honor of Prof. Alikunju, the college's first principal. The event attracted ten students from various colleges, showcasing their knowledge and competitive spirit. Anu Poulose, representing the MA</p>

	<p>Political Science program at Kariavattom University Centre, emerged victorious, securing first place in the competition. Alan Karishma Joseph from the Department of English at SB College, Changanassery, achieved second place, demonstrating the high level of talent among the participants.</p> <p>The prizes were awarded during the Mega Alumni Meet held on February 10, 2024, celebrating the achievements of the winners and fostering a sense of community among alumni. The primary aim of the competition was to promote students' communication skills and enhance their social awareness, encouraging them to engage actively in academic and extracurricular activities.</p>
3	<p style="text-align: center;">HUMOUR IN LANGUAGE: POSSIBILITIES AND PERSPECTIVES</p> <p>The Department of Additional Language hosted a seminar titled “Humour in Language: Possibilities and Perspectives,” featuring V.K.K. Ramesh, a distinguished writer and Kerala Sahitya Akademi awardee, as the main speaker. During his presentation, Ramesh discussed the challenges writers face in crafting quality humor within their literary works, emphasizing the nuances and complexities involved in this unique genre. The session was presided over by Dr. Cini Kurian, the Principal, who highlighted the importance of humor in literature and its role in enriching language. Dr. Leena Varghese and Dr. Shaniba M.H. delivered felicitation speeches, offering their insights into the significance of humor as a literary device and encouraging students to explore its various forms. Shelley A.N. welcomed the gathering, creating an inviting atmosphere for the discussion, while Amina M.S. concluded the event with a thoughtful vote of thanks, expressing appreciation to the speaker and participants for their contributions.</p> <p>The seminar attracted numerous students from various departments, who actively engaged in the discussion, sharing their thoughts and experiences related to humor in literature. The seminar aimed to familiarize students with different genres of literature, particularly focusing on the role and significance of humor in enhancing language and literary expression.</p>
4	<p style="text-align: center;">MEET THE AUTHOR</p> <p>The Department of Additional Language at Al-Ameen College organized an engaging "Meet the Author" program featuring Mr. Arun Ezhuthachan, the esteemed author of the book <i>Mathappadukal</i>. As a recipient of the Sahitya Akademi Award, Mr. Ezhuthachan shared his insights and experiences with the students, fostering an enriching dialogue about literature and the writing process.</p> <p>The event was presided over by Dr. Leena Varghese, Coordinator of the IQAC, who welcomed everyone and introduced the author. Dr. Shaniba M.H., Convenor of NAAC, along with Abdul Salam, the Program Coordinator, and Sahalath Ali, also spoke during the occasion, sharing their perspectives on the importance of literature and encouraging students to engage with literary works.</p>

	The program provided a unique opportunity for students to interact with a distinguished author, deepening their appreciation for literature and inspiring them to explore their own creative endeavours.

10. DEPARTMENT OF PHYSICAL EDUCATION

Sl. No.	PROGRAMMES
1	<p style="text-align: center;">REPORT OF ACTIVITIES</p> <p>The department of Physical Education of Al-Ameen College had conducted various programs in this year. On June 5, 2024 the students conducted various programs related with the Environmental Day on the college premises and planted different varieties of trees and saplings around the campus. Our students had participated in various competitions. They participate in various sports and games like football, basketball, cricket, wrestling in the levels of district, state, university and national. During the sports day the students have done activities like cycling and running. On June 21st International Yoga Day, we had conducted seminar classes related to importance of performing Yoga in daily life, also conducted a Yoga class and trained the students about different Yoga Asana's in college auditorium.</p> <p>Zumba dance classes and aerobics classes are conducted. Intramural and kho-kho competitions were also conducted under the physical education department .Provided basketball coaching for students. Overall, the Physical Education department had a successful year, with numerous accomplishments and achievements. The various teams and athletes worked hard throughout the year and achieved great succession their respective sports, showcasing their dedication and commitment to the field. The department also organized and executed multiple events, which contributed towards enhancing the sports culture of the institution. Moreover, the department also focused on improving the facilities and equipment, which helped in facilitating the growth and development of the athletes and teams. However, there is still room for improvement in certain areas, such as increasing the participation of women in sports, providing better resources and opportunities to athletes with disabilities, and further promoting a positive and inclusive sports culture.</p> <p>The Physical Education department will continue to work towards these goals in the upcoming year while continuing to build upon the accomplishments and achievements of the previous year. Overall, the future looks bright for the Physical Education department, and we are excited to see what the future holds for our athletes and teams</p>

ACTIVITIES OF CLUBS AND CELLS DURING 2023-24

SI No.	PROGRAMMES
	ALUMNI CELL
1	<p style="text-align: center;">MEGA ALUMNI MEET</p> <p>Al Ameen College Alumni Association is registered under the Travancore Cochin Literacy Scientific and Charitable Societies Registration Act, 1955, (Act XII of 1955). Over the past four decades, 40 batches of talented individuals have graduated, leaving a lasting impact on the institution and beyond. The Al Ameen College Alumni Association is more than just a network; it's a community united by a common bond and a shared commitment to excellence, fostering lifelong connection and offering opportunities for personal and professional growth through various events and initiatives.</p> <p>For the last ten years, alumni from various batches have organized individual alumni meets. In the first meeting of the Alumni Executive Committee of this academic year, the members expressed their long-term wish to organize the Grant together of all batches from the establishment of our college. The meeting unanimously decided to pursue the dream and work hard to fulfil it.</p> <p>The Al Ameen College Mega Alumni Meet aimed to provide a platform for alumni from all batches to come together, reconnect, and celebrate the rich tapestry of experiences that bind us. In the organizing committee meeting held on 15th December 2023, the committee unanimously accepted the name "Al Ameen Amicizia 2k24" for the programme. "Amicizia" is an Italian word that means friendship, symbolizing the spirit of camaraderie and connection among the alumni. The name and logo of the Mega Alumni Meet were released by Dr. Junaid Rahman, Manager of Al Ameen College. On December 22, 2023, the Mega Alumni Organizing Committee Office was inaugurated by Mr. Anwar Hashim, Chairman, Al Ameen Educational Trust.</p> <p>In the meeting held on 24th January 2024, the Mega Alumni Organizing Committee decided to invite P. Rajeev, Minister, Government of Kerala, to inaugurate the Mega Alumni Meet. The Chief Guest for the event will be BennyBehanan MP, and Anwar Sadath MLA. the committee also decided to honor retired teachers during the meet.</p> <p>The Mega Alumni Meet was held on 10th February 2024, and was a resounding success, bringing together past students and faculty for a day of reminiscence and celebration. The event commenced with registration at 9:30 AM, with a significant turnout of alumni eagerly arriving to participate. The inaugural session began at 10:00 AM. Dr. Abdul Hakkeem, the Convener of the Mega Alumni Organizing Committee, delivered the welcome speech, setting a warm and enthusiastic tone for the day. Following this, K.A. Basheer, Chairman of the Mega Alumni</p>

Organizing Committee, gave the Presidential Address, highlighting the significance of the alumni meet and the enduring bonds formed at the institution.

The event was officially inaugurated by Mr. P. Rajeev, Minister, Government of Kerala, who emphasized the importance of alumni networks and their contributions to society. Benny Behanan MP and Anwar Sadath MLA graced the occasion as the Chief Guests, each delivering inspiring addresses that resonated with the attendees. Felicitations were given by Adv. T.P.M. Ibrahim Khan, Prof. C.A. Abdul Jaleel, former Principal of Al Ameen College, Dr. Junaid Rahman, Manager of Al Ameen College, and Dr. Cini Kurian, Principal of Al Ameen College. Her speech reflected on the institution's legacy and the achievements of its alumni. Mr. Kalabhavan Navas distributed prizes to students who demonstrated proficiency in various fields, recognizing their talents and accomplishments. The formal proceedings concluded with a heartfelt vote of thanks by Mr. Shahul Hameed, delivered vote of thanks.

A special segment was dedicated to honoring retired teachers, acknowledging their invaluable contributions to the institution and its students. This gesture was deeply appreciated by both the teachers and the alumni. The afternoon featured a vibrant cultural programme performed by college students and alumni, showcasing their diverse talents and fostering a spirit of unity and celebration. The highlight of the evening was the Mega Show by Guinness Manoj and his team, which captivated the audience with spectacular performances. The programme concluded at 8:30 PM, leaving everyone with cherished memories and a strengthened sense of community.

Overall, the Mega Alumni Meet was a memorable event, celebrating the past, present, and future of the alumni network.

ANTI DRUG CELL

SAY NO TO DRUGS

In response to the growing concerns over drug abuse among youth and the need to spread awareness about the harmful effects of drugs, the Anti-Drug Nasha Mukta Cell at Al Ameen College organized an impactful awareness campaign on 26th June 2023. This campaign was part of the global observance of **International Day Against Drug Abuse and Illicit Trafficking**, which aims to raise awareness about the devastating social, economic, and health-related consequences of drug addiction.

The campaign was executed in two major phases: **distribution of anti-drug awareness materials** and **display of anti-drug messages around the campus and its vicinity**. The participation of NCC and NSS volunteers was crucial to the success of the campaign. These student groups have long been involved in social welfare activities, and their presence helped increase the reach of the campaign. The volunteers were responsible for carrying out the pamphlet distribution, fixing the posters, and interacting with the public. The anti-drug awareness campaign was well-received by the students, faculty, and the local community. The posters and pamphlets served as effective tools in disseminating crucial information, while the direct engagement with the local population helped foster a sense of social responsibility toward drug abuse prevention.

	<p>The Anti-Drug Awareness Campaign held on 26th June 2023 was a significant step in educating and sensitizing both the student body and the local community about the dangers of drug abuse. It not only helped raise awareness but also contributed to the building of a supportive environment for those affected by addiction. Al Ameen College, through this campaign, has taken a significant step toward creating a Nasha Mukta society, contributing to the broader movement of fighting drug abuse and fostering a healthier, safer community.</p>
	<h2>COMPETITIVE EXAM CELL</h2>
1	<p style="text-align: center;">CRAFTING YOUR CAREER</p> <p>On 17th October 2023, the Competitive Exam Cell of Al Ameen College, Edthala, in collaboration with the National Employment Service (UES) and GBSS University, Kalady, organized an insightful workshop titled "Crafting Your Career". The workshop aimed to guide students in shaping their professional journeys, understanding career opportunities, and preparing effectively for the competitive job market. The session was conducted by Mr. Polachan M.V., a retired Deputy Chief Career Consultant, who shared his extensive experience and expertise on career planning and development.</p> <p>The workshop aimed to help students understand the importance of career planning and provide valuable tips on how to explore and choose suitable career paths. Mr. Polachan M.V. emphasized the importance of early career planning and self-assessment. He encouraged students to identify their strengths, interests, and values to choose a career path that aligns with their aspirations. The resource person discussed various career fields, including traditional and emerging sectors, providing students with a broader perspective on potential career opportunities. The workshop focused on the current trends in the job market, highlighting the demand for specific skills and qualifications. Mr. Polachan discussed how students can stay competitive by acquiring relevant skills, certifications, and experience in their chosen fields.</p> <p>The workshop was well-received by the students, who actively participated in the discussions and appreciated the practical advice provided by Mr. Polachan M.V. Many students expressed that the session had helped them better understand their career options and how to take actionable steps toward achieving their goals. The workshop on "Crafting Your Career" was an enriching experience for all participants, offering valuable insights into career planning, exam preparation, and professional growth. The collaboration between Al Ameen College, the National Employment Service (UES), and GBSS University, Kalady, proved to be a fruitful initiative in shaping the future of students and preparing them for the challenges of the job market.</p>
2	<p style="text-align: center;">NET ORIENTATION FOR PG STUDENTS</p> <p>In collaboration with the Competitive Exam Cell, a comprehensive National Eligibility Test (NET) orientation class was organized for 60 postgraduate students at Al Ameen College. The event took place on September 19, 2023, at the Seminar Hall. Dr. Mary P.U. and Shamna P.K. efficiently coordinated the proceedings. The orientation primarily concentrated on furnishing essential insights and counsel to students who were striving for excellence in competitive examinations like the NET.</p>

	<p>Various aspects of the NET examination, including syllabus coverage, exam pattern, time management strategies, and effective study techniques, were discussed during the session. Furthermore, the event emphasized the importance of community involvement and shared the success stories of individuals who have successfully cracked competitive exams like the NET.</p> <p>It aimed to motivate and inspire students to strive for excellence in their academic pursuits. Overall, the NET orientation event was a success, equipping postgraduate students with valuable knowledge and strategies to enhance their performance in competitive exams. The active involvement of Dr. Mary P.U. and Shamna P.K. ensured a smooth and engaging experience for all participants.</p>
3	<p style="text-align: center;">CAREER GUIDANCE PROGRAMME</p> <p>On September 21, 2023, the Competitive Exam Cell, in collaboration with T.I.M.E., organized a Career Guidance Programme aimed at providing comprehensive guidance and insights to final-year undergraduate students pursuing B.Com. Taxation, B.Com. C.A., and B.B.A. degrees. This programme was designed to help students prepare for competitive exams, specifically CAT, MAT, and Bank Exams, and was tailored to address their unique needs and aspirations.</p> <p>The programme began with a warm introduction, elucidating the core purpose and goals of the orientation programme. Participants were introduced to the various competitive exam formats, syllabi, and the overall structure of these examinations, setting the foundation for the subsequent sessions.</p> <p>This segment delved into the specifics of CAT, MAT, and Bank Exams. Participants received detailed information regarding the unique features of each exam, including their patterns, significance, and relevance in their academic and professional journey. To provide participants with a real exam experience, mock tests were conducted. In this segment, participants engaged in an insightful analysis of previous years' question papers.</p> <p>Participants were introduced to the coaching courses offered by T.I.M.E for CAT, MAT, and Bank Exams. The programme concluded with inspiring and motivational talks designed to uplift participants' confidence levels and ignite their motivation to excel in their chosen path.</p>
	COUNSELING CELL
1	<p style="text-align: center;">MENTAL HEALTH AND FITNESS</p> <p>Al Ameen College, in collaboration with the Physical Education Department, organized a Mental Health and Fitness Drive aimed at enhancing students' overall well-being. The first session, held on 2nd November, focused on B.Voc students, where their mental health was assessed using the DASS scale (Depression, Anxiety, and Stress Scale). This was followed by a fitness session to promote physical wellness.</p> <p>The second session took place on 14th November for 50 students from the 1st Year B.Com Computer Application program. Similar to the first session, the students underwent a mental health assessment, followed by fitness activities to encourage a balanced lifestyle.</p>

	The drive successfully raised awareness about the importance of both mental health and physical fitness among students, helping them to better manage stress and adopt healthier habits.
2	<p style="text-align: center;">COUNSELING SESSION</p> <p>Jeevani Club conducted a counselling session on the 7th of December for a second-year student from the English Department. Additionally, on December 21st, the club organized a session aimed at helping first-year students manage exam anxiety. This session was led by Sri K.G. Sreejith Panicker, a distinguished corporate trainer, mentor, and wellness coach. It ran for two hours, from 10:45 AM to 12:45 PM, and was attended by a total of 71 students. The club also facilitated a counselling session for a first-year student from the Chemistry Department.</p>
3	<p style="text-align: center;">POSTER-MAKING COMPETITION</p> <p>On 11th September, Monday, Jeevani club in association with the literary club, conducted a poster-making competition as part of World Suicide Prevention Day (10th Sept). The competition was held in the library from 10 am to 11 am. Also in association with the cultural club, a skit along with a flash mob was conducted at 12.40 pm by students in front of the campus. The theme was Creating Hope through Action. Cash prizes for the winners of the poster-making competition were given on 19th September by the Principal.</p> <p>Conducted one session of counselling for a student from the English department on 14/9/23 and had a follow-up session with the student on 25th September. Jeevani club also collaborated with the BTTM department for their Travel and Tourism Week in association with Mental Health Day</p>
	CULTURAL CLUB
1	<p style="text-align: center;">MILE SUR MERA TUMHARA</p> <p>To celebrate Azadi ka Amrit Mahotsav, the 76th Independence Day of India, the Cultural club of Al Ameen College Edathala conducted an inter-departmental patriotic group song competition on 11/08/2023. The programme was titled, "Mile Sur Mera Tumhara" which means "when my melody merges with your melody". This name was apt for the programme since it gives emphasis to the motto "unity in diversity".</p> <p>The competition started at 2:00 pm. Mr Christopher V. M. and Mr Akash P. M, faculties of Bvoc Sound Engineering department were the judges of the competition. Nine groups participated in the programme. Team Bvoc were the winners of the competition. Team Bcom CA secured second prize. Certificates and cash award for the winners were distributed on 17th August 2023.</p>
	FILM AND DRAMA CLUB
	<p style="text-align: center;">PARTICIPATION OF DRAMA TEAM IN MG UNIVERSITY DRAMA FEST</p> <p>The drama team of Al Ameen College participated in the M G University Drama fest held at Govt. 	the college. The performance of the team was on 25th of January. They performed amazingly well and bagged A grade and 7 th position which was a proud moment for the college.
	FOLKLORE CLUB
	<p style="text-align: center;">PALAMA 2024: INAUGURATION OF FOLKLORE CLUB</p> <p>The Folklore Club of the college was inaugurated in the auditorium on 21st January 2024. The event was graced by the presence of Dr. Punnose M.I, Principal, U.C.College ,Aluva as the Chief Guest who highlighted the significance of preserving and promoting our rich cultural heritage through the Folklore Club. He addressed the gathering, emphasizing the importance of understanding and appreciating diverse cultural traditions. He encouraged the students to actively participate in the club's activities and contribute to the vibrant cultural tapestry of the college. Dr. Cini Kurian, the esteemed Principal, graced the occasion with her presence. In her address, she emphasized the importance of understanding and appreciating our cultural roots. The inauguration event showcased the diverse talents of the students through a series of captivating performances. The performances provided a glimpse into the rich and varied art forms of different states across India. The inauguration of the Folklore Club was a resounding success, fostering a sense of cultural pride and enthusiasm among the students. It is anticipated that the club will play a vital role in enriching the cultural life of the college and promoting cross-cultural understanding among the student community.</p>
	LITERARY CLUB
1	FILM REVIEW
	<p>Literary Club of Al-Ameen College, Edathala organized a screening of the movie <i>Lord of the Flies</i> for the Second year BA. English students in the Mini Seminar Hall. The selection of the movie was based on its relevance to the syllabus, as it aligns closely with themes and concepts studied in their coursework.</p> <p>The screening aimed to enhance student's understanding of the themes, character development, and narrative techniques explored in the novel. Following the screening, a discussion session was held on to encourage students to analyse and interpret various elements of the film. The screening of "Lord of the Flies" provided B.A. English students with a valuable opportunity to engage with the text in a multimedia format, deepening their understanding and appreciation of the themes and concepts explored in the novel. A total of 30 students watched the film</p>
2	ORMAYIL BASHEER
	<p>The Literary Club, Al Ameen College and the Department of English collaborated to host a programme called "Ormayil Basheer" in honour of the late phenomenal writer Vaikom Muhammed Baheer. The programme was conducted in the mini-seminar hall on July 10, 2023, at 2 p.m. The participants of the programme were students from the second and third year of B.A. English. Mr Suhail from the first year B.A. English was the student coordinator of the programme. Mr Salih of the first year B.A. English gave the inaugural introductory talk. Later, first-year B.A. English students Ms Fathima Lamiya reviewed the novel <i>Balyakala Sakhi</i>,</p>

	<p>Ms K R Hiba Fathima reviewed <i>Premalekanam</i>, and Ms Diya Soman reviewed the novel <i>Pathummayude Aadu</i>. The programme concluded with the talk of Ms Sumasree Sukumaran, Assistant Professor, Department of English. Her comprehensive analysis shed light to Vaikom Muhammed Bsheer's life and literary works, providing the audience with a profound understanding of the writer's significant contributions to the world of literature.</p>

	NATURE CLUB
1	<p>Al- Ameen College Edathala conducted all the Environment related activities through the Nature club, Forestry Club and Bhoomitra sena club.</p> <p>ENVIRONMENT DAY JUNE 5, 2023</p> <p>On June 5, 2023, Al-Ameen College, Edathala, celebrated Environment Day with enthusiastic participation from the NCC and the Nature Club. The event aimed to raise awareness about environmental protection and sustainability. As part of the celebration, fruit-bearing plants were thoughtfully planted in various parts of the campus, enhancing its green cover and biodiversity. This initiative encouraged students and staff to take active roles in nurturing the environment, emphasizing the importance of preserving nature for future generations while fostering a sense of ecological responsibility.</p>
2	<p>COMPOST PIT INAUGURATION 12 JUNE 2023</p> <p>Food waste is a significant issue on campus, contributing to environmental and waste management challenges. To address this, the college collaborated with Urban Trash Pvt. Ltd. to create a compost pit on the campus. This eco-friendly initiative aims to convert food waste into nutrient-rich compost, reducing waste and promoting sustainable practices. The compost pit serves as a practical solution for waste management while fostering environmental awareness among students and staff. It highlights the college's commitment to sustainability and responsible</p>
3	<p>19 JUNE 2023. BANDI KRISHI</p> <p>Marigold flower cultivation was successfully initiated on the campus with the valuable support of Kudumbasree Harithakarmasena from Edathala Gramapanchayat. This</p>

	collaborative effort aimed to enhance the aesthetic appeal of the campus while promoting eco-friendly practices and sustainable agriculture. The cultivation process also provided students and staff with an opportunity to learn about community-based farming techniques. This initiative not only beautified the campus but also strengthened the institution's connection with the local community, fostering environmental consciousness and social responsibility.
4	<p>FERTILIZATION OF PLANTS IN THE CAMPUS.</p> <p>To ensure the healthy growth and sustainability of the plants on campus, regular maintenance activities are diligently carried out. These include watering, pruning, weeding, and applying organic fertilizers as needed. Dedicated efforts by the college community, including staff and students, help nurture the plants, ensuring they thrive in a well-maintained environment. This routine care not only enhances the campus's greenery and biodiversity but also instills a sense of environmental responsibility and teamwork among everyone</p>
5	<p>CLEANING OF MIYAWAKKI FOREST AND CAMPUS GARDENS</p> <p>As part of the Paristhithikam Project, a Miyawaki forest was established on the campus to promote biodiversity and ecological balance. This dense, fast-growing plantation method includes a variety of native plant species, creating a self-sustaining forest ecosystem. To ensure the healthy growth of these plants, regular maintenance activities are undertaken, including cleaning the area and watering the saplings. This initiative not only enhances the campus's green cover but also raises environmental awareness among students and staff, showcasing a commitment to sustainability and conservation.</p>
6	<p>STITCHING UNIT</p> <p>The Nature Club of Al-Ameen College initiated a stitching unit on campus to promote skill development and self-reliance among students. The sessions were conducted by Fathima, a talented third-year English student, who expertly guided participants through the basics of stitching. Approximately eight students actively participated in the program, gaining valuable hands-on experience. This initiative not only fostered creativity and practical skills but also encouraged sustainable practices by promoting the reuse of materials, aligning with the club's commitment to environmental responsibility.</p>

J., provided guidance and support to ensure the smooth execution of the programme. NSS volunteers diligently prepared charts and posters focusing on AIDS Day, which were prominently displayed on bulletin boards across all departments.</p>
13	<p style="text-align: center;">CONSTITUTION DAY</p> <p>The NSS Unit of Al Ameen College organised an awareness session in commemoration of Constitution Day on November 27th, 2023. The session focused on the topic "Preamble and Salient Features of the Indian Constitution." Adv. Smitha Varghese served as the resource person, explaining the significance of Indian Constitution Day in a simple and engaging manner.</p> <p>The session aimed to foster remembrance and appreciation of the principles of justice, equality, and democracy upheld by the constitution. Dr Cini Kurian, Principal, inaugurated the programme with a brief introduction to the Indian constitution.</p>

14	<p>DOCUMENTARY SHOW- BHOPAL BEYOND GENOCIDE</p> <p>The NSS Unit of Al Ameen College, Edathala, organized the screening of the documentary <i>Bhopal Beyond Genocide</i> for NSS volunteers on December 7th, 2023, at the Seminar Hall. Dr. Sajin P. J., the NSS programme officer, delivered an introductory speech shedding light on the tragic events in Bhopal.</p> <p>Subsequently, volunteers viewed the documentary, spanning three hours, aimed at sensitising them to the profound tragedy that unfolded in Bhopal. Many volunteers, previously unaware of the incident, gained a comprehensive understanding and empathy towards the suffering endured by the affected populace. Dr. Nisha Joseph was also present.</p>
15	<p style="text-align: center;">FOOD FEST</p> <p>The NSS Unit of Al Ameen College, Edathala, organised a Food Fest on December 13th, 2023. The primary aim of the programme was to engage in social service activities with the funds raised. Students enthusiastically participated by preparing and contributing homemade dishes.</p> <p>NSS volunteers took charge of selling the food items at stalls to teachers, non-teaching staff, and fellow students. Programme officers Dr. Sajin P. J. and Dr. Nisha Joseph provided timely guidance, ensuring the event's success. Dr. Cini Kurian, Principal, inaugurated the event.</p>
	<p>OBE CELL</p>
	<p style="text-align: center;">OUTCOME-BASED EDUCATION</p> <p>The objective of the Outcome-Based Education (OBE) cell is to spearhead the transformation of educational practices within the institution towards a student-centric approach focused on achieving clearly defined learning outcomes. By meticulously aligning curriculum design, assessment methods, and instructional strategies with desired learning outcomes, the OBE cell aims to cultivate a dynamic learning environment conducive to holistic student development. Through systematic data collection, analysis, and continuous improvement initiatives, the OBE cell seeks to enhance the quality, relevance, and effectiveness of educational programs, ultimately empowering students to acquire the knowledge, skills, and competencies required for success in their academic pursuits and future careers.</p> <p>The orientation session conducted on 5th September 2023 aimed to familiarize new Outcome-Based Education (OBE) coordinators with the principles, practices, and responsibilities associated with their roles. The session commenced with an introduction to the concept of OBE, highlighting its significance in modern educational frameworks and its alignment with student-centered learning approaches. Facilitated by experienced OBE coordinators and faculty members, the session provided comprehensive insights into the implementation of OBE within the institution.</p> <p>Overall, the orientation session provided new OBE coordinators with the knowledge, tools, and resources necessary to effectively fulfill their roles and contribute to the successful implementation of Outcome-Based Education within their departments. Participants left the</p>

	session equipped with a deeper understanding of OBE principles and a clear roadmap for integrating these principles into their daily practices.
	QUIZ CLUB
	<p style="text-align: center;">FREEDOM DAY QUIZ</p> <p>On August 16, 2023, the Quiz Club of Al Ameen College in association with Department of English, organised a Freedom Day Quiz event in connection with the 77th Indian Independence Day. This event was held in the Seminar Hall from 1:30 PM to 2:30 PM. The aim of this event was to commemorate India's Independence Day, promote awareness of its historical significance, and engage participants in a knowledge-based quiz competition.</p> <p>Event Objectives:</p> <p>The primary objectives of the Freedom Day Quiz event were as follows:</p> <ul style="list-style-type: none"> ● To celebrate the 77th Indian Independence Day. ● To educate participants about the historical significance of Independence Day. ● To provide an intellectually stimulating and enjoyable experience through a quiz. ● To foster teamwork, camaraderie, and a sense of patriotism among participants <p>The Freedom Day Quiz event was a resounding success, achieving its objectives. The winners of the competition:</p> <p>First prize : Afthab Shamsudeen Sreekuttan P R</p> <p>Second Prize: Fathima Nazrin P S Fathima M.A</p>
	WOMEN CELL
1	<p>SEMINAR ON "HEALTHY HOME: AN INITIATIVE FOR A HEALTHY SOCIETY"</p> <p>A healthy community is one in which all residents have access to quality education, safe and healthy homes, adequate employment, transportation, physical activity, nutrition, and quality health care. A person's health is greatly influenced by their environment, making it essential to foster communities that prioritize these factors. The Women's Cell of Al-Ameen College organized a seminar for students on the topic "Healthy Home: An Initiative for a Healthy Society." Students from various departments actively participated in the session. The resource person for the seminar was Ms. Kavitha Bhaskaran, a psychologist.</p> <p>The session emphasized the importance of creating healthy homes as a foundation for building a healthier society and provided valuable insights into fostering well-being in personal and community settings.</p>
2	<p style="text-align: center;">LEGAL AWARENESS FOR WOMEN</p> <p>The Women's Cell of Al-Ameen College, Edathala, organized a one-hour session on Legal Awareness for Women. Legal awareness serves as a powerful tool for various</p>

	<p>purposes, including demanding justice. Through citizen activism, individuals can challenge injustice and effectively realize the rights enshrined in the Constitution.</p> <p>The program was held on 30th June 2023 in the seminar hall at 10:30 AM. Students from departments such as BA English, BBA, B.Com Taxation, MSc Chemistry, and MSc Physics attended the session. The esteemed Advocate C.P. Thomas led the session.</p> <p>The program began with a silent prayer, followed by the IQAC Coordinator, Dr. Leena Varghese, delivering the vote of thanks. The session addressed important topics such as overcoming harassment in public places, homes, and workplaces, as well as fighting against social evils like female infanticide, child marriage, and corruption. The resource person also emphasized the significance of the legal framework in promoting justice.</p> <p>The interactive session provided an invaluable platform for students to openly discuss their personal concerns and queries related to legal awareness, making it a highly engaging and enlightening experience.</p>
3	<p style="text-align: center;">SELF-DEFENCE CLASS</p> <p>The Women’s Cell and the Department of BBTM at Al-Ameen College conducted a Self-Defence Class on 16th August 2023. Self-defence training is a vital life skill that empowers girls to be more aware of their surroundings and prepared to handle unexpected situations at any time. Through the training, participants were taught to develop psychological, intellectual, and physical strength, enabling them to protect themselves during times of distress. One key technique shared during the session was to strike an assailant's nose or chin with the heel of the hand, aiming upward. This approach can cause significant pain to the attacker, creating an opportunity to escape. The class emphasized the importance of self-defence in fostering confidence, independence, and safety among young women.</p>
4	<p style="text-align: center;">SEMINAR ON “SURAKSHITHA YAVANAM”</p> <p>. The Women’s Cell of Al-Ameen College organized a seminar on the topic “Surakshitha Yavanam”. The session was led by Ms. Sandhya V.K., a psycho-social counselor from the Women and Child Development Center. Students from various departments attended the seminar. She highlighted signs of depression in adolescents, such as loss of appetite, a lack of interest in favorite activities, changes in sleep patterns, and a reluctance to attend classes or engage in studies. The seminar provided valuable insights into understanding and addressing teenage stress and depression, emphasizing the importance of mental well-being for a healthier and more secure adolescence.</p>
5	<p style="text-align: center;">BUSTING THE STRESS BOMB</p> <p>The women cell of al ameen college, Edathala organised a one hour session on BUSTING THE STRESS BOMB. The program was held on 14/06/2023 in the seminar hall at 11:00am. Students from departments like BA English, B A Economics, Bcom Tax, M.sc physics attended the session. The session was handled by a famous psychotherapist Mr Sreerag Kurupath.. The programme dealt in detail about how to overcome stress, anxiety, and fear. The interactive session allowed students an opportunity to discuss their personal issues related to stress.</p>

FUTURE PLAN

- Attain autonomous status for the college.
- Develop International collaborations for student and faculty exchange.
- Establish Research Departments in the campus.
- Develop industry-linked curricula with skill-based learning.
- Establish Education Theatre.
- Strengthen industry-academia partnerships.
- Build strong industry partnerships through MoUs, internships, and joint projects.
- Improve administrative efficiency and modernize the library in separate building.

CONCLUSION

The academic year at Al Ameen College was a testament to the institution's dedication to excellence across various domains. From fostering a culture of innovation to nurturing well-rounded students through academic rigor, community engagement, and skill development, the college has made significant strides. As we look towards the future, this momentum is certain to propel them to even greater heights. We can anticipate continued advancements in research, innovative programs, and a steadfast commitment to empowering students to thrive in a dynamic world.
